

WABASH ENGINE CRASHED INTO CITY STREET CAR

Accident Happened
at North Main Street
Crossing

FIVE INJURED;
ONE MAY DIE

THE INJURED
Augustus DeFrates, 922
Doolin Avenue; right ear torn
off, shoulder crushed, internal
injuries.
William Rogers, motorman;
bad cut on left temple, other-
wise bruised.
Edward Brunk, 1142 Allen
avenue; bruised and cut.
Esther Xumes, 322 West
Walnut street; injuries to hip
and foot, gash over eye.
Mrs. Ruth Sample, 1037
Doolin Avenue; severely bruised.

A Wabash freight engine backed
into a street car at the North
Main street crossing at 4:40
o'clock Saturday afternoon. The
motorman and four passengers
were injured. Augustus DeFrates,
himself an employee of the Jack-
sonville Railway & Light Co., but
not on duty Saturday, was the
most severely injured and is a
patient at Passavant hospital.

William Rogers, motorman, is
also at the hospital. The three
other passengers injured are all
at their own homes.
Chief of Police Kiloran, Alder-
man John D. Cain and Patrolman
Baker arrived very soon after the
accident and assisted in care of
the injured.

The accident happened regard-
less of the fact that two flagmen
were on duty and the Wabash
maintains railroad gates. The
street car was shown clear to
proceed by the flagmen and was
wrecked in such a way that it will
probably not be worth rebuilding.
The Wabash wrecker was sent for
and at 11:30 last night the street
car was placed upon the railway
tracks and hauled by motor to
the company's plant on East State
street.

G. W. Ragan is the flagman for
the railway company who was at
work Saturday afternoon. It was
his duty to ride on each car from
the square to the railroad cross-
ing, then to walk to the tracks in
advance of the car and indicate
whether or not it would be safe
for the car to proceed.

Cause Is Unknown
Yesterday afternoon when the
car that leaves the square at 4:30
o'clock approached the Wabash
tracks it followed the usual cus-
tom and walked from the south
line of the tracks to the center to
look for any oncoming locomotive.
Here is where the uncertainty
about the case begins. Ragan says
that he saw the locomotive back-
ing up the tracks and that he sig-
naled the motorman not to come
forward. At the hospital Motorman
Rogers last night indicated that
he had no recollection of the
whole affair and that from the
time he reached the railroad right
of way until the moment he found
himself in the hospital was a men-
tal blank.

There was a story that the flag-
man gave a signal to move for-
ward and then another to stop, so
that only an investigation will de-
termine just how the accident hap-
pened. At any rate, it is a fact
that the locomotive crashed into
the car and the people were in-
jured, even if flagman Ragan for
the railway company and Robert
Duncan, flagman for the Wabash,
were on duty.

Injured Taken to Hospital
Immediately after the accident
a message was sent to Dr. A. M.
King and he responded quickly.
After a cursory examination of
the injured persons he found that
Augustus DeFrates was in the
most serious condition. The phy-
sician arranged to have DeFrates
taken to Passavant hospital in
Swift & Co.'s car. He then with
the aid of bystanders placed Mo-
torman Rogers in his own car and
conveyed him to the hospital. Mr.
Brunk was driven to Our Savior's
hospital but finding that his in-
juries were not serious very soon
went to his home.

At the hospital Dr. King called
Dr. D. W. Reid to assist him. As
soon as he found that Mr. De-
Frates was an employee of the rail-
road company he notified Dr. Carl
E. Black, who is the company's
surgeon.

Injured in Serious Condition
The injured men were given im-
mediate attention. It was found
that Mr. DeFrates had a bad cut
across the back of his head, an-
other over the left eye, and that
the right ear was entirely off. The
skin on that side of the head was
badly lacerated. Further it was
found that the left side of the
pelvis was also injured. He was
suffering from shock and it is
feared that there are internal in-
juries as well.

Motorman Rogers' injuries were
not nearly so severe, although he was
unconscious for some time follow-
ing the accident. He has a deep
cut across the left temple three
inches long, the nail of the small
finger on the left hand was torn
off and there are other cuts and
bruises about the body.

GOVERNMENT ASKED TO HELP RELIEVE FREIGHT CONGESTION

Executives of Railroads in
Joint Appeal to Com-
merce Commission

WASHINGTON, May 15.—The
government was asked today to
take "emergency action similar
to that taken when this country
entered the war" to help dig the
railroads out from under the
worst freight congestion since
1917.

A joint appeal to the Inter-
state Commerce Commission by
the Association of Railway Ex-
ecutives and the American Rail-
way Association declared the
freight jam to be such as to "war-
rant and require" immediate
action by the government to re-
store the transportation act in check-
ing a "menace" which has as-
sumed threatening proportions.
Common use of equipment and
embargoes, priorities and diver-
sions of shipments were urged by
the railroads as means which
the commission could employ to
remedy the situation. The roads
ask also that they be allowed to
curtail passenger service where
necessary but indicated this
would be done only in extreme
cases.

While the present conditions
continue, the appeal says, car-
riers should be relieved from
operations of state and federal
laws which hamper them in meet-
ing the demands upon them.

The railroad officials repre-
sented to the commission that
there was no immediate hope of
obtaining ample equipment and
that the volume of commodities
being offered for transportation
permitted no time for proper re-
pairs. The labor situation has
augmented the difficulties and
does not promise immediate im-
provement, they said. The un-
authorized strike of switchmen,
the petition stated, had con-
tributed to the "growing public
distress on account of delay in
the movement of freight."

There was no indication to-
night as to the commission's
course.

COURT FIGHT OVER MILLIONAIRE'S WILL

CHICAGO, May 15.—The ap-
pel of Mrs. Mary C. Melvin from
the decision of Probate Judge
Horne refusing to admit the
second or disputed will of James
C. King, multi-millionaire Jack-
sonville, to probate, will go on
trial next Monday before Judge
Baldwin in the circuit court. The
judge today refused to grant a
continuance to counsel for Mrs.
Melvin.

Mrs. Melvin is a sister of the
late Mrs. Maude A. King, widow
of the multi-millionaire. By the
will of Mrs. King and the dis-
puted will of her husband, Mrs.
Melvin would receive the bulk
of Mr. King's \$3,000,000 estate,
which under the probated will
was left in trust to erect and
maintain the James C. King
home for old men.

DETROIT SUBURBS SHOW LARGE GAINS

WASHINGTON, May 15.—All
records for increases in popula-
tion as reported in the 1920 cen-
sus were broken today by two
Detroit suburbs, Hamtramck and
Highland Park, which since 1910
have increased 1,266 and 1,031
percent respectively.

Detroit's automobile factory
workers bought the two towns
for homes and today the census
bureau reported a population of
48,615 for Hamtramck and 46,
599 for Highland Park.

Prior to today's report, Ken-
more, Ill., with an increase of
712.2 percent held the record
for population growth.

TWO PRINCETON U. BUILDINGS BURNED

PRINCETON, N. J., May 15.—
Two of Princeton university's
most noted buildings, Dickinson
Hall and Marquand Chapel, were
destroyed by fire last night.
Sparks driven by a high wind
set fire also to the roof of Mc-
Cosh Hall, the largest recitation
hall in the country, but the
structure was saved after a hard
battle.

Costly memorials and memorial
windows in the chapel are gone,
including St. Geavden's bronze,
one of his most beau-
tiful works. The total damage is
estimated at \$200,000.

EXTRA HOUR OF LABOR ASKED

BERLIN, May 1.—Germans
are asked for an "extra hour of
labor" daily to save the father-
land," by Dr. Bernhard Dern-
burg, in an article in the Tag-
blatt.

Based on statistics, which in-
dicate an average working day of
9½ hours, Dr. Dernburg calculates
an 8 hour day will result
in a loss of production of 27,
000,000 marks annually which if
saved, he says, would produce
food, clothes and raw materials
in plenty and also insure a bet-
ter rate of exchange.

CLOSING IN ON MURDERER

Greenville, Ill., May 15.—
Search for Harlow O. Beasley
charged with the murders of his
wife and two boy babies was re-
newed today by possemen under
Sheriffs Wilson and Browning of
Bond and Fayette counties, respec-
tively.

Mrs. Hattie Vallery of Arenz-
ville was among the Jacksonville
shoppers yesterday.

REPORTS SHOW CARRANZA HAS EVADED REBELS

Dispatches Telling of
President's Escape
Differ

MEX CONGRESS
IN SESSION

WASHINGTON, May 15.—Ven-
ustiano Carranza, constitutional
president of Mexico, was pictured
today by Alvarez Obregon, who
forced him to flee from the cap-
ital a week ago, as a fugitive in
the mountains some where be-
tween Mexico City and Vera
Cruz.

Official reports on the fight
near San Marcos between the
revolutionary forces and a few
loyal detachments of Carranza's
army were lacking, but press dis-
patches from Vera Cruz also told
of Carranza's escape through the
revolutionary lines, apparently
settling at rest all reports of the
deposed leader's surrender.

Obregon's report said Carr-
anza, accompanied by a small
escort, was making for the sur-
rounding mountains, but that he
was being pursued.

While American officials re-
garded the escape of Carranza as
the possible basis for a counter-
uprising, the belief that he would
be able to avail himself of the
opportunity was not widely ex-
pressed.

Some progress toward a re-
stitution of communication lines
in Mexico was reported today.
There is now working out of
Mexico City to the border one
land wire through El Paso. The
wires through Piedras Negras
have been extended southward as
far as Saltillo, but those south
from Laredo are tangled along
the ground for miles. Wireless
and cable have not proved avail-
able to a great extent, even for
government business.

Mex Congress in Session.
Mexico City, May 12.—(Via
Laredo Texas Junction)—Govern-
or De La Huerta was called upon
to summon the national con-
gress to name an interim presi-
dent at the meeting held at the
national palace tonight attended
by numerous leaders of the lib-
eral revolutionary movement.

Generals Obregon and Gon-
zales were among those present
at the meeting. Huerta was
selected to summon congress as
leader of the liberal revolution-
ists.

Those present at the meeting
pledged themselves to accept the
interim president regardless of
his political beliefs. Gen. Obre-
gon was selected as commander
of the liberal revolutionists in
the federal district.

Prior to receipt of the wireless
it had been decided to send Gen.
Benjamin Hill with a strong col-
umn to capture Dieguez. Other
statements made by revolution-
ary headquarters indicate fight-
ing is still going on in the vicin-
ity of San Marcos, state of Pue-
bla, between the column guard-
ing the presidential train and
revolutionary forces.

Obregon's headquarters an-
nounced that permission had
been given General Guadalupe
Sanchez to allow General Can-
do Aguilar to proceed through
revolutionary lines to confer with
President Carranza with a view
of avoiding more bloodshed. Gen-
eral Aguilar later to surrender.
With forces under General
Sanchez opposing assaults by
General Francisco Murguía, rev-
olutionary forces General Robelo
have left Puebla with the object
of attacking Carranza forces
from the rear. Heavy casual-
ties are reported in General Mur-
guía's advances.

General Jacinto Trevino with
a safe conduct for President Car-
ranza and his official family is
also enroute from Puebla toward
the scene of fighting.

Whereabouts Undetermined.
Mexico City, Sunday, May 9.—
(Via El Paso Junction—A. P.)—
The whereabouts of President
Carranza remained undetermined
today. Reports circulated yes-
terday that Carranza, Ignacio Bos-
illas, former candidate for the
presidency, General Juan Bar-
gana, chief of staff; Francisco
Murguía, commander in the val-
ley of Mexico, Candido Aguilar,
Carranza's son-in-law, and others
had been captured between the
capital and Vera Cruz still
lacked confirmation and was gen-
erally discredited.

President Carranza and his
chief officials, including the cabi-
net members, abandoned their
train near Otumba, in the state
of Mexico, where the Mexican
Railway had been cut and at-
tempted to reach Tampico on
horseback over the mountains.

General Samuel De Los Santos,
acting head of the war depart-
ment, told The Associated Press
last night that it was virtually
impossible for Carranza to reach
Vera Cruz by rail, since General
Guadalupe Sanchez had revolted
in the vicinity of that port, and
was holding the railway line,
which had also been cut in num-
erous places between Otumba and
the coast.

Miss Isabel Ontman, of St.
Louis, is spending Sunday at the
home of her cousin, Miss Dorothy
Farrell, on West College avenue.

Condensed Telegraphic News

(By The Associated Press)

WASHINGTON, May 15.—Rep-
resentative Mason, Republican, of
Illinois, today introduced a con-
current resolution urging Presi-
dent Wilson to recognize the
Irish republic and assuring him
that congress only awaited his ac-
tion before providing funds for
beginning diplomatic relations
with the republic.

DS MOINES, May 15.—Three
bishops of the Methodist Episco-
pal church were elected today.
They are Dr. Fred B. Fisher, of
Muncie, Ind.; E. L. Waldorf,
Cleveland, Ohio, and Charles E.
Locke, Los Angeles, Cal. An-
nouncement of their election was
made tonight at the general con-
ference.

YOUNGSTOWN, Ohio, May 15.—
Shortly after seizure of five
trucks, each carrying 100 cases
of bonded whiskey Safety Di-
rector David Scott today an-
nounced he had been offered a
bribe of \$50,000 if he would let
10,000 cases of whiskey come in-
to the city. He said a "frame up"
conference in a restaurant was
arranged at which a Brooklyn
man paid him \$2,500 as a first
installment.

CONSTANTINOPLE, May 15.—
A French column of 3,000 cold-
blooded soldiers, last night
May 9, to relieve the garrison at
Aintab, about 30 miles north of
Kalis, was met by a strong na-
tionalist force when 10 miles from
its destination and was compelled
to return.

BROCKHOUSE WON IN AUTO SUIT

Jury Found Him Not to Blame
for Collision With Cody Car.

The jury which heard the evi-
dence in the suit of Edward Cody
vs. Warren Brockhouse et al
brought in a verdict last night
about 8:45 finding in favor of
the defendant. In this case Mr.
Cody brought suit seeking to re-
cover \$600 damages on account
of an automobile accident which
happened last June. It was the
contention of the complainant
that the car driven by Warren
Brockhouse crashed into the Ford
car he was driving west after a
visit to Jacksonville. Mr. Brock-
house maintained that he drove
at a moderate rate of speed from
a field out into the highway and
that the collision occurred be-
cause Mr. Cody was driving at an
excessive speed.

The trial of the case has lasted
two days. The jury after very
short consideration of the
case found in favor of the de-
fendant. Mr. Brockhouse, declaring
it their belief that the complainant
was not entitled to damages. A
previous court item indicated
that it was a proven fact that
the large car had crashed into the
smaller one. The fact is that this
was a disputed point and evident-
ly in the view of the jury the
accident resulted because the car
driven by Mr. Cody ran into the
Brockhouse car.

In the assumpsit suit of Edgar
Sorrells vs. McCallan Sheppard,
notion was made by the defend-
ant for rule on plaintiff to file
bill of particulars.

In the partition proceedings of
William T. Cox et al. vs. James
L. Cox, et al., the decree for dis-
tribution was amended.

REDDISH CASE HAS BEEN DISMISSED

Action Taken in Accordance
With Wish of States Attorney
Hamilton of Jersey County.

The case against Dr. Horace
Reddish of Jersey county charged
with the murder of Rachel Claco,
was dismissed Saturday after-
noon by Judge Burton, acting on
motion entered by State's Attor-
ney Carl E. Robinson.

This action was taken by Mr.
Robinson in accordance with the
wishes of State's Attorney Paul
Hamilton of Jersey county. Mr.
Hamilton stated that he had
additional evidence against Dr.
Reddish, since he was tried for
the murder of his father, Stephen
Reddish, and he did not deem it
proper to go ahead with the case.

WHISKEY CONFISCATED

Youngstown, O., May 15.—
Five motor trucks each laden
with 100 cases of bonded whisky
were confiscated this afternoon
by local police and federal offi-
cers as they were being taken
to a garage for storage while
their drivers went to lunch. The
destination of the trucks has not
been learned.

EXTEND AIR MAIL SERVICE WESTWARD

Chicago, May 15.—An aerial
mail plane, carrying 200 pounds
of letters, arrived in Chicago
from Omaha at 6:50 p. m. The
plane, piloted by D. Wald, left
Omaha at one o'clock. Ray Ben-
edict made the flight from Chi-
cago to Omaha today, inaugu-
rating the first westward extension
of the air mail service from Chi-
cago. The service will be main-
tained daily except Sundays and
holidays.

DECLARE WAR ON "OPEN SHOP"

Quincy, Ill., May 15.—At a
meeting here last night, which
lasted four hours, the trades
and labor assembly, declared war
on the "American Open Shop as-
sociation" organized here earlier
in the week, and authorized the
appointment of a secret commit-
tee of 100 to conduct the fight.

CHICAGO, May 15.—Eviction
proceedings brought against for-
mer Senator William Lorimer
were dismissed today when his
counsel failed to appear in court.
Mr. Lorimer's attorney, said his
client would fight any other pro-
ceedings that might be instituted
against him.

federal Reserve Board was requir-
ed in resolution introduced to-
day by Senator McCormick, Rep-
ublican of Illinois, to report
what steps are contemplated to
deflate currency and credit and
to mobilize credit for moving the
1920 crops.

ROCHESTER, N. Y., May 15.—
Captain Ferdinand K. Luber Tanz,
of the Rochester police depart-
ment who mysteriously disap-
peared while on duty last night
May 2, has been found in
Grand Rapids, Mich. He applied
for medical aid at St. Mary's hos-
pital in that city yesterday and
was identified today by a Ro-
chester detective.

GRAND JURY HAS CLOSED TERM WORK

Small Number of Indictments
Returned—Report on Jail
Made.

The Morgan county grand jury
finished the work of the term
yesterday and was discharged.
Six indictments were returned
against Charles Magill, former
member of the board of com-
missioners three on a charge of
false pretenses and three on a
charge of a confidence game.

The indictments against Mr.
Magill are the result of charges
made as to irregularities in han-
dling county funds with reference
to road lighting work. It is alleged
that Mr. Magill collected certain
sums of money due to the county
and that he failed to turn the
money over to the county. The
collections do not run to a large
sum. Mr. Magill could not be
seen last night for a statement.

Other indictments are:
Amos Sutton, grand larceny.
Chester Paxton, grand lar-
ceny.

William Baker, grand larceny.
George Monroe, burglary.
Monroe Abel and Edward Mc-
Collister, assault with deadly we-
apon.

Alva, Grimmer, burglary and
larceny.
Oscar Gray, forgery.
Zennie Ritchey, murder.
Joseph A. McFarland, grand
larceny.

The jury appointed a commit-
tee including M. H. Carroll, G. M.
Steinberg and J. K. Cunningham
to visit the jail. This committee
made the following brief report:
"We visited the jail as repre-
sentatives of the grand jury and
found everything in first class
condition. There are six male in-
mates and no female. We believe
it would be advantageous to use
the walls of the new quarters as
this would give prisoners more
and better accommodations and
at the same time make the jail
safer."

CLOUDBURST DROWNS EIGHT PERSONS

HEMINGFORD, Neb., May 13.—
Eight people were drowned in
their homes today at Ardmore, S.
D., as a result of a cloudburst,
according to a report that reached
here this evening. No details have
yet been received. A cloudburst
near here has taken out an en-
tire earth fill on the line of the
Burlington railroad. It will re-
quire a bridge of five spans to
connect the track. Every bridge
on the Niobrara for fifty miles
east and west is out. There are
Belmont bad washouts near
Hemingford in the Pine Ridge country
of South Dakota. The storm
dropped 50.7 inches of rain. The
storm was accompanied by wind and hail, doing
some damage to buildings.

ATTENDED INSURANCE CONVENTION IN PEORIA

C. H. and Lathrop Ward re-
turned Friday evening from a
convention in Peoria of the Illi-
nois agents of the Travelers' In-
surance company. There were
about 100 of the high ranking in-
surance salesmen of the company
there. They were entertained at
the Jefferson hotel, where the
meetings were also held.
Several of the home office offi-
cials were present and they made
talks to the agents, instructing
them in the insurance business
and cramming them full of pep.
So far this year Illinois is first
in the net increase of insurance
written, and business is passing
all records.

ENDORSE APPOINTMENT

Washington, May 15.—Ap-
pointment of James Duncan, a
vice president of the Federation
of Labor as a member of the Illi-
nois commerce commission
was endorsed today by the fed-
eration's executive council.
Mr. Duncan's appointment is
now before the senate commit-
tee.

SENATE ADOPTS PEACE RESOLUTION BY 43 TO 38 VOTE

Measure Now Goes to
House for Final
Action

PRESIDENT
WILL VETO

WASHINGTON, May 15.—With
few thrills and no hitch in
the pre-arranged program, the senate
adopted today 43 to 38 the Re-
publican resolution declaring the
state of war with Germany and
Austria-Hungary an end.
The measure was in the form
of a substitute for the peace res-
olution, recently adopted by the
house which dealt with Germany
alone. The two proposals will be
adjusted in conference beginning
next week, the result to be en-
dorsed by both houses and the
president for signature.

That the president will veto it
is a foregone conclusion, unchal-
lenged by any speaker during de-
bate in the house and senate. It
is uncertain when the final res-
olution will reach the White
House, but Republican leaders
anticipate no difficulty in putting
through a conference draft with
little delay.

The senate vote today gave the
majority of five predicted by
Democratic leaders for the Knox
substitute and the party align-
ment was about that anticipated.
Three Democrats, Reed of Mis-
souri, Shields, of Tennessee, and
Walsh of Massachusetts, joined
the Republicans in supporting
the resolutions. Two Republi-
cans—McCumber of North Da-
kota, who was paired, and Nelson
of Minnesota, lined up with the
Democratic opposition.

redictions by leaders on both
sides that the treaty of Versailles
would remain in its present un-
ratified position were made.
Senator Underwood, of Ala-
bama, in his first speech in the
new role of Democratic leader,
declared the Republicans appar-
ently have "foreclosed" action on
the treaty for the present session
of congress. From the Republi-
can side, Senator Harding, Re-
publican, Ohio, declared the res-
olution "was a demonstration
against 'one man rule,' of Presi-
dent Wilson."

The senate substitute goes to
the house Monday with the prom-
ise of early arrangements for a
conference, although there was
said to be sentiment for im-
mediate concurrence by the house
in the senate measure.

PROMPT DELIVERY OF WHEAT RECOMMENDED

ST. LOUIS, Mo., May 15.—E. C.
Andrews and Marshall Hall, grain
dealers who will represent the St.
Louis Merchants' Exchange at the
meeting of the Committee of Six-
teen, in Chicago, tomorrow, today
said that they recommended that
action be taken to assure the de-
livery of wheat from the producer
to the consumer at the least pos-
sible cost.

Mr. Hall asserted that he be-
lieved this could be accomplished
by re-establishing the machinery
for the trading in future wheat.
The meeting has been called to
consider plans for trading in
wheat in the open market after
May 31, when the government re-
strictions will be lifted.

FATHER OF DARING TRAIN ROBBER DIES

BUCKLIN, Mo., May 15.—
Lieutenant Walton, father of Hor-
ace Walton, killed by Chicago po-
lice yesterday in a pistol battle,
died at a hotel here today.
He and his wife were on their
way to Chicago to claim the body
of their son.
Just after the train left Chilli-
cothe last night, Mr. Walton was
taken ill and was removed from
the train here. Heart failure is
given as the cause of death. Mrs.
Walton will leave tonight for Chi-
cago with the body of her hus-
band, and father and son will be
buried there.

WITHDRAWS STATEMENT

Washington, May 15.—Senator
Sheppard, of Texas, today for-
mally withdrew from the congres-
sional record his recent state-
ment that the state of New Jer-
sey by attacking the prohibition
constitutional amendment "had
put itself on the side of anarchy
and revolution." The words at
the time of utterance led to a
ruling by Vice President Mar-
shall classing them as improper
and reflecting on a sovereign
state. Senator Edge, republican,
New Jersey, acknowledged the
Texas senator's action in making
the withdrawal.

COPPER MINE CLOSES.

Houghton, Mich., May 15.—
The Winona mines shut down to-
night throwing 130 men out of
employment. The low price of
copper and inability to obtain
workmen were given as reasons
for the move.

FLOUR TAKES A DROP

Minneapolis, May 15.—Flour
dropped 50.7 cents a barrel to
\$15.25 here today, marking the
second half dollar decline this
week. A lower wheat market is
the reason for the drop, it was
said.

\$5,000,000 BOND THIEF HAS HARD TIME TRYING TO GIVE HIMSELF UP

"Nicky" Arnstein Returns to
New York After Nation
Wide Search

NEW YORK, May 15.—"Nicky"
Arnstein came home today.

After having been sought
for about three months by the
police of the entire continent,
"Nicky" had a rather hard time
getting arrested for the \$5,000,-
000 bond robbery he is alleged
to have engineered with New
York as a base.

It was not that "Nicky" didn't
try to get arrested, after he de-
cided to surrender himself. He
made the most conspicuous en-
try into the city he knew how

The present developments in Mexico remind one that even Former Secretary of State Robert Lansing characterized the policy of this government toward Mexican affairs as "humiliating." Not only has that policy failed utterly to do justice to American rights and American citizens but

it is becoming more and more plain that it has served to make matters worse for the Mexicans themselves.

The Illinois Central train robber killed by Chicago police must have been a dope fiend or become suddenly mentally unbalanced. There is no other way to account for the reckless effort he made to make away with a big sum of money or the wanton effort to kill when he knew that either arrest or death was absolutely certain.

Newspapers that are joining with the government in declaring that the peak of prices has been reached and that a decline is distinctly noticeable, must feel that this is a psychological matter and that if people talk enough about lower prices that these figures will come. For really the average consumer called upon to testify about the lower costs, hasn't a thing to offer.

Herbert Hoover as a presidential aspirant, at any rate, is not

afraid to let his position be known. He has just declared for the open shop and against compulsory arbitration and industrial courts. He believes that there should be voluntary settlement of labor troubles through co-operative agreement. This position, while it has much to recommend it, will not be satisfactory either to capital or labor as such.

HIGH PRICES FOR BOOZE

Certainly the down trodden poor man who is denied the privilege of buying drinks at the old prices, will be peeved about an aerial line to Cuba that R. H. Platt tells about in 'World's Work'.

There is a company prepared to inaugurate the operation of six aerial limousines, each one conveying twelve thirsty passengers from Key West, Florida, to Havana, Cuba, and return. The fare for the privilege of a flight to Cuba is about \$100—which, for the advantages that it brings, is considered low by many persons. The flying time will be one hour to Havana, and one hour and a half to return in the face of the trade winds. It is enough to give one pause, to think what may be the ultimate effect on neighboring islands if this highly promising enterprise and others like it, prove successful.

The talk about the possibility of a third party if Senator Johnson is not nominated by the Republicans in Chicago next month, is perhaps press agent stuff. Notwithstanding the history of 1912 and 1916, the delegates are not likely to be frightened into nominating any candidate unless they believe that his leadership is best for the party and the country.

Many of the coal mines of the state are short in workers. In other lines of industry jobs are going begging. Where, then, is the good reason for restricting immigration in the fear that from foreign sources will come too much competition with American workers. It has always been a fact in certain lines of industry in which the average American is not interested. The majority of miners are foreign born and the same is true of the steel workers. Just at present there is plenty of room for the foreigners of good character who are willing to work.

IT'S A DANGEROUS CROSSING
The accident at the Wabash crossing on North Main street Saturday gives proof of the fact that mere human agencies cannot be

depended upon for absolute security. Two flagmen were on the job when this accident happened resulting in injury to five people and a large property loss. The real fact about this crossing is that a subway should be built or an overhead crossing plan worked out. A record of the years will show a number of serious accidents at this very crossing. Traffic is heavy there and the real wonder is that more accidents do not occur. The way should be found to make this crossing absolutely safe and evidently that is not its present condition, even with gates and two flagmen.

CHANGE OF BASE
Kansas winds are always blowing, and my path of life seems thorny; so I'm packing up and going to the groves of California. There, beside the sobbing ocean, I shall sit and do my singing, filled with prunes and sweet emotion, while the golden hours are winging. Kansas heat is always hotter than the kind that starts you sweating; Kansas rain is full of water, and each day I get a wetting; so I go to San Diego where the honey bees are buzzin'; there I'll fill myself with sago, and sing anthems by the dozen. There the scenes are most inspiring, and the natives love them dearly, and a man who lives by lying ought to earn ten dollars yearly. By the broad and blue Pacific, I'll compose my dippy stanzas, filled with yearnings most terrific, for the sun-baked plains of Kansas. Resting on my downy pillows, after hours of fierce endeavor, I will watch the mighty billows rolling as they're rolled forever; oh, I'll watch them in their glory, and remark, "I'd give a penny to get back to old Empory, where of brine there isn't any."

BLIND YOUTH

With An All-Star Cast
Already famous for its tremendous success on the stage, the screen version greatly surpasses the original play—Lou Tellegen and Willard Mack, its authors, are of National repute
Entertainment for Every Father, Mother, Child

SYNOPSIS OF PLAY
Unable to agree, the Monniers decide to separate, the selfish and irascible Henry staying with his society-loving mother, and the earnest, art-loving son, Maurie, going with his brilliant, erratic father to Paris.
Maurie in Paris marries his boy model, Clarice. At a wild party in his studio, which disgusts Maurie, an officer introduced there as Jules Chandoe appears, and there is a moment of startled recognition between him and Clarice.
Chandoe has a meeting with Clarice in the park, and tells her that while he was in a Russian prison he inherited a large sum of money.
Maurie is unable to help his father, who dies a delirious and drunkard, and Clarice leaves him for Jules Chandoe because she must have fashionable clothes and dainties.
Saying farewell to his only friends, Tubby, a struggling rollicking American artist, and Louis, an obscure French painter, Maurie returns to America. He gets a cold shoulder from his mother and brother. He finds Henry engaged to marry an heiress, Matilda Packard.
It is evident that Henry is marrying for money. Although he assumes a happy air, it is apparent that Henry loves Bobo, a young fiery cabaret dancer, who rebuffs him when she learns of the proposed marriage.
Broken in spirit, Maurie seats him, self upon a park bench and looks out at the lake. A girl strolling by reads the discouragement on his face and is courageous and sympathetic enough to speak to him and invite him to her apartment for dinner. Her name is Hope Martin.
While at Hope's apartment Maurie is inspired to make her the subject of a sculptural creation, which he says he will call "Blind Youth."
The sculpture makes Maurie famous.
Trouble threatens when Clarice comes to America. She plans to hurt Maurie through Henry, who squanders his money on her in road houses.
Maurie tells Hope about the other woman in his life. She promises to trust him.
After a week's absence Henry appears, telling Maurie he has been in the company of a Mrs. Clarice Chandoe. Maurie is determined, however, to save Henry from Clarice's clutches by convincing him of the falsity of her love professions. He telephones to Clarice, making an appointment to meet her in his studio late at night.
When Clarice enters, Maurie, to convince his brother, shams love for her. Hope enters. Maurie tries to explain, but she will not listen. The intriguing brother refuses to help Maurie by an explanation.
Clarice finally succumbs to Hope's sweetness and purity and tells the truth—that Jules Chandoe was her husband before she met Maurie—that he was reported dead in Russia and then when he came back he was rich—she only wanted his money.
Mrs. Monnier says she has seen the light. Maurie takes Hope in his arms.

Lightning Bryce is bound hand and foot by an Indian and the rope is attached to a horse. The Indian drags the body to the woods at a high rate of speed and later throws the rope over a limb of a tree and pulls Lightning up by his feet off the ground. His head is dangling just out of the reach of a pack of hungry wolves. He is left in this perilous position and manages to keep out of the reach of the jumping wild wolves by swinging his head as the wolves jump. It is a thrilling situation and leaves the audience in great suspense as to what happens.

ESCAPED AN OPERATION

By Taking Lydia E. Pinkham's Vegetable Compound. Many Such Cases.

Cairo, Ill.—"Sometime ago I got so bad with female trouble that I thought I would have to be operated on. I had a bad displacement. My right side would pain me. I was so nervous I could not hold a glass of water. Many times I would have to stop my work and sit down or I would fall on the floor in a faint. I consulted several doctors and every one told me the same but I kept fighting to keep from having the operation. I had read so many times of Lydia E. Pinkham's Vegetable Compound and it helped my sister so I began taking it. I have never felt better than I have since then and I keep house and am able to do all my work. The Vegetable Compound is certainly one grand medicine!"—Mrs. J. R. MATTHEWS, 3311 Sycamore Street, Cairo, Ill.

Of course there are many serious cases that only a surgical operation will relieve. We freely acknowledge this and the above letter, and many others like it, amply prove that many operations are recommended when medicine is all that is needed.

Rambler Bicycles

In every branch of industry there is some pro-
duct that stands out from other similar pro-
ducts and by which all others are compared
and judged. Such a product is the
RAMBLER BICYCLE

All Ramblers are equipped with coaster
brake, stand and Fisk tires—and we can
equip them with electric lights if desired.

GUARANTEE

Rambler Bicycles are warranted in accordance with the
universal guarantee adopted by the Bicycle Manufac-
turers' Association as follows: We agree with each pur-
chaser of a Rambler bicycle to repair or replace without
charge, within one year from date of sale by us, any part
showing defect due to material use or imperfect construction,
provided it is returned to us transportation charges
prepaid. This agreement does not cover the cost of repair-
ing bicycles when damaged by accident, misuse or neglect.
Tires, saddle, pedals, rims, handlebars, coaster brakes,
chains or any other finished parts manufactured by others
than ourselves are not guaranteed by us, and any claims
must be taken up with their respective manufacturers.

WABASH ENGINE CRASHED INTO CITY STREET CAR

(Continued From Page One.)

Miss Esther Nunes, who is an
employee of the Kresge store, is a
daughter of Marshall Nunes. She
was taken to her home, 322 West
Walnut street, and it was nearly
an hour before the family was
able to secure a physician. It
was found that she had suffered
an injury to her hip and that the
left foot was severely bruised.
Miss Nunes also has a deep gash
over one eye.

Edward Brunk is store keeper
at the C. P. & St. L. shops. While
Mr. Brunk was badly shaken up
and received numerous bruises,
his injuries were not of a serious
kind. The same is true of Mrs.
Ruth Sample, the fourth one of
the passengers. Mrs. Sample was
suffering somewhat last night in
a nervous way and has a number
of minor cuts and bruises.

Will Hold Investigation
A careful investigation as to
the cause of the accident will of
course be made by both the Wa-
bash and the Jacksonville Rail-
way Co. Supt. Gray of the latter
company said last night that he
had not thus far been able to get
at what seemed to him to be the
facts in the case. The Wabash lo-
comotive was in charge of Engin-
eer Moses Dickson, with Fireman
Arnold also in the cab. M. M.
Bowling was the conductor and T.
S. Magruder the brakeman on the
collision came. Another brake-
running board of the engine when
men were F. E. Travis and J. W.
Fuston. The engine belonged to
local train No. 73, and was doing
the yard switching when the ac-
cident happened.

DAY OF STRUGGLING

PHYSICIAN IS PAST

Chicago, Ill.—The day of the
struggling young physician who
worked for years on a scanty in-
come while he built up a paying
practice is past, providing na-
tional prohibition continues in
force, according to Captain Hu-
bert Howard, prohibition en-
forcement officer for Illinois.

Instead of sacrificing the best
years of his life to the struggle
to make both ends meet, the
young medical school graduate
will now step into an assured in-
come ranging anywhere from
\$100 to \$500 a month. This is
the rosette picture painted by
Captain Howard.

The present prohibition regu-
lations limit physicians to 100
government prescription blanks
for liquor per month. Chicago
doctors are charging all the way
from \$1 to \$5 for the blanks.

ALEXANDER SCHOOLS IN CLOSING EXERCISES

Pleasing Program Was Given Friday Afternoon—Many Visitors Present for the Exercises.

School closed in Alexander Friday, May 14, with an all-day picnic. Tables were placed and plates were laid for 100 in the spacious hall of the school building, and at the noon hour about 160 persons were served a most excellent dinner, consisting of sandwiches, salads, pickles, pies, fruits, cake and ice cream.

After dinner a program of sports was enjoyed by those present. The winners were as follows:

Boys' Foot Race—Burleigh Davenport.

Girls' Foot Race—Helen Johnson.

Pie Eating Contest—Cloyd Beerup.

Leap Frog Ball—Team led by Burleigh Davenport.

Married Women's Race—Mrs. Joe Zellar.

Sneezing Contest—Miss Ruth Senteny.

Sewing Contest—Percy Davenport.

Wheelbarrow Race—Mr. Samuel Wilcox.

Children's Foot Race—Dorothy Kumle.

Ball Throwing Contest—Mrs. Joe Zellar.

Cracker Eating Contest—Rauph Senteny.

Guessing Contest—Mrs. Bert Davenport.

The following were among the guests present:

Mr. and Mrs. F. J. Kaiser, Mr. and Mrs. Claude Keenan, Mr. and

Mrs. Edward Dowell, Mr. and Mrs. C. M. Strawn, Mr. and Mrs. Samuel Wilcox, Mr. and Mrs. William Kumle, Mr. and Mrs. E. E. Mason, Mr. and Mrs. Joe Zellar, Mr. and Mrs. Bell, Mr. and Mrs. J. W. Relf, Mr. and Mrs. Andrew Johnson, Mr. and Mrs. Cloyd Beerup, Mr. and Mrs. Knisely, Mrs. Bert Davenport, Mrs. Hinrichsen, Mrs. Sarah Cockin, Mrs. Rosa Strawn, Mrs. Lester Gray, Mrs. Gertrude Berchold, Mrs. Senters, Mrs. Jane Edmonds, Mrs. Basham, Messrs. Paul Kumle, John Snyder, K. V. Beerup, B. D. Davenport, Misses Sheila Robbins, Elizabeth Relf, Althea Hall, Salie Robbins, Rose Walburn, Wanda Willett, Clara Berchold, Elizabeth Snyder, Elsie Harrison, Martha Mason and J. J. Lukeman, Joseph Kumle, Anna Duffner, J. J. Curtin, Jr., and sisters, of Jacksonville.

The school building, itself, is a structure of which the citizens of Alexander may well be proud. It was erected in 1917 and is quite modern and well supplied with maps, globes, charts, pictures, etc. The present members of the school board are: B. D. Davenport, K. V. Beerup and Claude Keenan. The teachers of the past year, Miss Margaret Duffner, of Jacksonville; Miss Ruth Senteny, of Chapin, and Miss Katherine Turner, of Waverly, have been employed for the ensuing year.

NOT PLEASED WITH THE PALMER IDEA

William N. Hairgrove Writes His Views About the Attorney General as a Candidate.

W. N. Hairgrove was among those who recently received a letter from E. J. Whitty of the Palmer campaign organization committee asking for an expression of views relative to the Democratic situation. Mr. Hairgrove's reply to the communication was as follows:

May 15, 1920.
Mr. E. J. Whitty,
Suite 222, Auditorium Hotel,
Chicago, Illinois.

Dear Sir:
I am in receipt of your circular letter under date of May 13th, in which you state that you desire an expression of opinion relative to the situation generally and as to the candidacy of Attorney General Palmer for the nomination for president on the Democratic ticket.

In reply will say that the general situation for the Democratic party, standing for the League of Nations as insisted on by President Wilson, seems to me to be "Forlorn Hope". The people of the United States will not abandon their independent position to go into partnership with a number of monarchs and with people whose objects are not at all in sympathy with the interests of the American people and whose history and conduct have been such as to make them the allies in the late war. There is no question but that the various allies were actuated by a desire for plunder and that they had a secret agreement relative thereto before the United States joined in the war; and through secret agreements and combinations for plunder have procured under the Treaty of Peace and League of Nations fulfillment of such selfish interests as were secretly agreed on, so will say that in my opinion the general outlook is made hopeless at this time by that issue, for the Democratic party.

As to Attorney General Palmer he seems to be continually "seeing red", he is unquestionably an aider and abettor of profiteers as shown in the Packing House deals, sugar interests and of every other big interest. The Criminal law to him is a minnow net, merely to catch little fish and the big fish go through it; he makes spectacular raids on the poor and laborers but he never does anything with the big profiteers; he was in favor of a Sedition Bill and of repealing the constitution and Bill of Rights and he has been "seeing red" all the time. In my judgment he is a Tory and ought to wear a red coat, and if they could resurrect Benedict Arnold it would be hard for me to know which one for me to choose between the two for president, it would be a case of neck or no beef.

I have been a Democrat for many, many years and have actively worked for the party for a quarter of a century. I would not vote for such a man as Palmer because he is labelled a "Democrat"—I am not for him or for his kind.

Very respectfully,

With the Sick

G. O. P. Convention Snap-Shots The Story of 16 Nominations

By A. H. Vandenberg

The Story Begins

When the seventeenth quadrennial Republican national convention meets in Chicago on June 8, of this year, it will have 64 years of history and precedents behind it. Nine of these preceding conventions have been held in this same city. Eleven of the nominees named at these preceding conventions have been elected.

California has provided one of these 16 preceding presidential nominees; Illinois, 4; Ohio, 6; Maine, 1; New York, 2; Indiana, 2. Of the vice presidential nominees, New York has provided 7; Indiana, 3; Illinois, 1; New Jersey, 2; Tennessee, 1; Maine, 1; Massachusetts, 1. In other words, in all this 64 years of Republican national convention history, ticket timber has been confined to a total of nine states.

Ten presidential nominees have been named on a single roll call. Twice it has taken three roll calls (in the cases of Lincoln and Hughes); once, four roll calls (Blaine); once, seven roll calls (Hayes); once, eight roll calls (Harrison); and once, 36 roll calls (Garfield). Fourteen times vice presidential nominees have been named on a single roll call—mutely testifying to the fact that vice presidents are "made" and not "born."

FRANKLIN YOUNG PEOPLE GAVE PLAY

"Tempest and Sunshine" Scored—Success Before Large Audience.

"Tempest and Sunshine" was given by the young people of Sacred Heart parish at Marquette hall in Franklin and scored a success. Every seat in the hall was taken and every one in the large audience felt well repaid for attendance. The play was accounted as one of the strongest ever staged by amateurs in Franklin.

"Sunshine" the character of the kind that the name implies was portrayed by Miss Alice Ross. "Tempest," the self-willed, was the character taken by Miss Calista Newell and this difficult part was splendidly portrayed.

John Whalen appeared in the role of Mammy Sue, an old darky slave, while Hallie Ryan took the part of Bobaway, a young darky and nephew of Mammy Sue. Both contributed much to the amusement of the evening.

Still others in the cast were Harold Ryan, appearing as Richard Wilmont, a young man from the east; Martin Carroll as Hugh Stanton, and Morgan Ryan presenting the character of Joseph Bunn, the human derelict. These young men met the demands of the play. The lovable father, old Joshua Middleton, gruff and unpolished, but great hearted, was the character part assigned to Richard Whalen and it was well done.

Altogether it is not too much to say that the play was well cast and that there was not a weak spot anywhere. Between the acts Miss Gussie Flynn played a violin solo which was received with enthusiasm. Miss Grubel of the Illinois Woman's college also had a part in the successful program.

The K. C. quartet was well received and responded to several encores. It was in every way a successful entertainment and very creditable to the young people of the parish.

Funerals

Funeral services for Miss Katie Ward, who died at the home of her sister, Mrs. Daniel Burke, was conducted Friday morning at 9:30 at St. Mark's Catholic church at Winchester. Rev. Father Bell officiating. Interment in St. Mark's cemetery. The pallbearers were L. J. Maloney, Martin Craddock, Michael Coleman, Charles Dolan, John McCabe and Charles Koyn.

The deceased is survived by one sister, Mrs. Daniel Burke, of Murrayville, and by Hugh Ward of Winchester.

RAILROAD WORKERS IN SHARP DEMAND

The C. P. & St. L. shops closed Saturday night for an indefinite period. About thirteen of the oldest employees were retained and about 140 are out of work.

The foreman of the Wabash shops in Decatur came to Jacksonville after 20 mechanics, and 12 have decided to go there. The local committee also has telegrams from the Northwestern wanting eight machine men, four lathe men, two boiler makers, two helpers, some blacksmiths and 25 car men.

The C. B. & Q. wants men for all crafts in permanent jobs at Centralia. The Wabash wants two machinists at Bluffs. Late Saturday evening Mr. Reece, foreman of the shops in Roodhouse, came to Jacksonville for four men and secured three.

All the demands for help provided that the men have cards that were up to date.

JOY BROS. FIRM IS RE-ORGANIZED

W. D. Carney of Keokuk Admitted to Membership—Is Experienced Battery Man.

C. P. Joy, of the firm of Joy Bros., proprietors of the Modern Battery, gave out the information Saturday night that they had completed reorganization of their business, taking in as a one-third partner, William C. Carney, of Keokuk, Iowa.

Under the new arrangement C. P. Joy will have charge of all mechanical work and tractor repairing; Donald Joy will handle purchases and sales, and Mr. Carney will have charge of all battery and electrical work.

Joy Bros. consider themselves very fortunate in obtaining Mr. Carney as a member of their firm as he is a man who has had years of experience as an electric engineer and battery man, having served as chief electrician for a number of the largest corporations in this country. For the past four years he has operated an independent electrical shop at Keokuk, handling also the Willard battery and various starting and lighting devices.

Joy Bros. have just completed extensive remodeling of their battery room and offices to accommodate the new arrangement. Mr. Carney bringing with him machinery and equipment weighing more than seven tons.

TO ATTEND MISSIONARY MEETING IN CARLINVILLE

Among local people who will go to Carlinville Tuesday to attend the district meeting of the Woman's Foreign Missionary society of the M. E. church, will be Mrs. James Martin, Mrs. Grant Graff, Mrs. E. D. Herald, Mrs. Charles Hopper and Mrs. Dora Lowdermilk.

Studebaker Owner Drives Car 35,000 Miles in Year Not a Cent for Repairs.

Much of distance covered was over mountains—Car in excellent shape at end of grind—Record of John Stout of Sonora, Cal., remarkable, yet not so much so when quality of car considered.

Covering 35,000 miles in a year, much of it over mountainous country, and spending not a cent for repairs, is the remarkable record set by a resident of Sonora, Cal., John Stout by name, in his Studebaker Big-Six. Just as remarkable is the fact that at the end of the long grind a careful inspection showed no indication of the hard usage the car had seen.

Mr. Stout's car, purchased in January, 1919, was placed in service running out of

Sonora as a stage and rent car.

Back of Sonora there are many miles of the kind of roads that motorists see when they have had bad dreams, and it is this type on which the Studebaker was run most of its 35,000 miles.

"That a car should do 35,000 miles with absolutely no trouble of any kind other than an occasional puncture is quite remarkable in itself," declared an expert who went over the

car at the conclusion of the distance. "This automobile not only did that but was in excellent shape at the end of its long grind."

"The transmission in this time was never cleaned out, and the differential, crank case and transmission had no attention other than the adding of more oil from time to time. When the car was ready to reassemble, it was found that the gears showed almost no sign of the distance that had been traveled."

I have several 1920 5 and 7-passenger Studebakers ready for immediate delivery. Prices will advance June 1. Get in now, on the old price.

Farm Bureau Notes

Shearing Demonstration Postponed.

The shearing demonstration previously announced for Monday and Tuesday, May 17 and 18th have been postponed until the following week for two reasons; first: the men at whose farm the demonstrations were to be held thought the weather was too cold to shear; second: we wish to give our entire time next week to the organization of the boys and girls club work in Morgan county. In all probability the meetings of interest to sheep men will be given on May 24 and 25th.

Boys and Girls Club Work.

If we can we should like to get from 5 to 10 boys and girls in every large community to enroll for the club work. A show will be held in the fall at which prizes will be awarded for the best display from each community and then another class show for contestants from every part of the county. At this writing five banks of the county have promised complete cooperation in loaning money to the boys and girls for the purchase of a pig under the club rule. Owing to the bad roads it has not been possible this week to visit several community centers and get the assistance of local people in lining up the boys and girls who care to enter this work.

The Price of Corn and Hogs.

If there is a man anywhere who can show any connection between the present price of corn and hog we should like to hear from him. The situation has left several of our farmers decidedly puzzled as to what to do. Quite a number have not enough corn to fatten their hogs properly and had planned to buy enough to feed them to a finish. But it certainly requires a man with a good deal of faith in future markets to invest in corn at \$2 per bushel to fatten hogs at \$14 per hundred. In all probability if the present situation continues a number of immature hogs will be placed upon the market and the corn sold. The people of the United States must have a sane agricultural policy if we are to be insured plenty of food in the future. Farmers with red blood in their veins and with the business experience and training that they have now had will not continue to grow grain and feed livestock at a loss.

Farm Help.

There is a scarcity of experienced single men over the entire state. Morgan county seems to be more fortunate than a great many others in securing farm labor. However, at the present time we could place five single men in good positions on farms. As soon as our high schools and colleges close we shall have quite a number of young men with more or less experience who will go on to farms for the summer. These are fine young fellows of the sort that we like to have around. We wish to remind both farmers and those seeking farm positions that this office is a free clearing house for farm labor.

Storage of Phosphate.

A number of our farmers are getting more and more interested in the use of rock phosphate. We have hoped that many of our farmers elevators would handle limestone and phosphate the same as any other commodity. We shall be very glad to cooperate with any of these elevators in securing the raw rock at the price contracted for it by the A. A. We have been informed that the Rees farmers elevator is contemplating the erection of a phosphate shed. This is certainly a step in the right direction. We think that the executive committee should encourage the building of these sheds over the entire county wherever there is any facility for handling either limestone or phosphate.

Scott County Farm Bureau. J. C. Moore, secretary of the Scott County Farm Bureau, was a caller at the farm bureau office Friday. Scott county has not yet employed a farm adviser but they want one right away. We think that Scott county has one of the most promising organizations to be found anywhere in the state. Quite a number of the members there belong to the Morgan County Farm Bureau and will be transferred to the Scott County Farm Bureau whenever they request the transfer. At a recent meeting of the executive committee of the Morgan County Farm Bureau, this transfer was authorized and the amount collected from the Scott county members will be rebated in full when that transfer is made.

T. M. TOMLINSON GOES TO GENERAL ASSEMBLY

T. M. Tomlinson will be one of the lay commissioners from the Springfield presbytery to the general assembly of the Presbyterian church which meets at Philadelphia this week. Mr. Tomlinson will leave Chicago Tuesday for the eastern city and will attend the sessions continuing thru seven days. The other lay commissioners are Mr. Aurelius, Springfield and Mr. Kincaid of Mason City.

The ministers who will represent the presbytery are Rev. Marion Humphreys, Springfield; Rev. G. A. Wilson, Fancy Prairie and Rev. D. E. Jennings, Decatur. It is an honor to State Street church and to all Presbyterians of Jacksonville that a representative from this city is going to the assembly, as such representation is not accorded more than once in five years and there are between forty and fifty churches in the Springfield presbytery.

While in Philadelphia Mr. Tomlinson plans to attend John Wannamaker's Sunday school class as he is interested in Sunday school affairs thru his own superintendency of State Street. Mr. Tomlinson's father was at one time in business in Philadelphia and he will call upon some old time friends of the family. He will also visit New York City before returning and will be away from Jacksonville between two and three weeks.

Lyons of Urbana winning three firsts gave his team first honors in fifth annual Illinois college interscholastic meet held on Illinois field Saturday afternoon. He won the 100, 220 and the first race of the 440 dash. Each one was won in impressive fashion. In the 100 yard dash he tied the record held jointly by King of Palmyra and Jordan of Pawnee, running the race in 10 seconds flat. Lyons is a beautiful runner. It was the consensus of opinion that he could have beaten ten seconds had he been pushed. It looked as tho with competition he could also have broken the records for the 220 and 440.

At the conclusion of the events Referee Omer awarded the cup for the best individual performance to Lyons. At Charleston a week ago Major of Champaign was the individual point winner. However, he found faster company here and failed to place in the running broad jump but he won both the hurdle events.

Jacksonville did not have much chance. Lucas ran second in the 120 yard high hurdles. Molohon took second in the shot put and Douglas was third in the half mile run.

There were some surprises during the afternoon. Springfield with perhaps the best balanced team in the meet, won second honors with 18 points. It was the ability of the capital city boys to place in many events that kept them in the running.

At the close of the meet with Champaign leading them for second place Springfield's relay team took first place in a great battle with Carrollton. Mann, the big colored boy who ran the last lap of the relay for Springfield ran a wonderful race and it was his brilliant work that gave his team second place.

Carlinville, Girard and Carrollton developed unexpected strength and upset some of the plans of the large schools. Meade of Virginia was the class of the javelin throwers and won that event. Britt of Armington copied the discus while Auburn won the running high jump.

Several of the small schools

placed in some of the events. Martin of Perry showed excellent form and should make some of the high school athletes look to their laurels next year.

The day was ideal for the event. It was rather cool at the start but the weather warmed up and during most of the afternoon was just right for the distance runs.

Only one thing marred the day. That was the injury of Chaney of the Springfield track team who was hit in the back of the head by a discus. The discus was thrown by Molohon of Jacksonville and slipped from his hand. It was thought at first that he was seriously injured. However, he was given first aid by Dr. Allyn of Waverly and then taken to the hospital where the injury was dressed. The discus made a scalp wound several inches in length but Chaney was out at the College after receiving attention and seemed none the worse for the accident.

Referee and starter Omer ran the track events in fine shape and was always up with the schedule and the relay was finished at 4:30 o'clock. He was given able assistance by Coach Harmon and a capable corps of assistants.

The meet was in the opinion of many one of the best the college has ever given. All of the contestants were well pleased with the treatment received and all expressed themselves as anxious to come to the meet again next year.

In the pole vault the contestants broke all of the poles and Referee Omer awarded first and second to Steele, Urbana, and Metcalf. Greenfield, third to Wall, Girard and fourth to McGhee, Bloomington. Littlepage, Girard and Skiles Virginia.

CLAMPT SALE WAS HELD SATURDAY
The sale of Everett Clampt, held Saturday afternoon at the Ogle barn, was largely attended and prices realized were satisfactory.

J. L. Henry was the auctioneer and R. C. Reynolds served as clerk. A considerable quantity of harness was disposed of, bringing from \$16 to \$24 a set.

A team of mules was sold to Edward Houston for \$155. A horse was purchased by James Miller for \$30, one by Joseph M. Smith for \$70, and E. W. Lockman bought one for \$52.50.

THE GOLDEN RULE CLUB.
The Mothers and Friends association held a business meeting recently at the home of Mrs. Louis Leurig, 927 North Church street.

Mrs. D. L. McCarthy was elected president to fill the vacancy caused by the resignation of Mrs. F. C. Benson, who has served faithfully for a year and four months. Mrs. Benson was a charter member and helped organize the association.

It was also decided to change the name of the organization to the "Golden Rule" club. Social sessions are to be held once a month.

WHITE SOX WIN CLOSE BATTLE FROM BOSTON

Score 2 to 1 — Faber Pitches Strong Game in Pinches — New York Trounces Cleveland—Other American League Results.

Boston, May 15.—Chicago took the opening game of the series today, 2 to 1, from Boston. Faber besting Pennock in a pitching duel. Faber's double in the eighth, followed by three singles, resulted in the first run. Pennock's single in Boston's half of the eighth, followed by Hooper's and Menosky's singles, evened the count. McMullin singled in the ninth, and Schalk's hit to left center, allowed McMullin to score. Score: Chicago, .000 000 011—2 9 0. Boston, .000 000 010—1 7 3. Batteries—Faber and Schalk; Pennock and Walters.

Mack's, 4; Tigers, 1.
Philadelphia, May 15.—The bunching of errors by the home team in the ninth inning today saved Detroit from a shut-out at the hands of Pitcher Naylor, the locals winning, 4 to 1. Walker's triple and timely hitting and base running by Dykes accounted for all of the Philadelphia runs. Score: Detroit, .000 000 001—1 7 1. Phila., .210 000 10*—4 9 3. Batteries—Oldham and Almsmith; Naylor and Perkins.

Senators Swamp Browns.
Washington, May 15.—Washington hammered Sothoron hard today and easily won the opening game of the series from St. Louis, 8 to 4. Courtney was effective in the pinches. St. L., .001 010 011—4 11 2. Wash., .300 050 00*—8 11 1. Batteries—Sothoron, Davis, Saunders and Sevelid; Courtney and Gharitty.

Coveleskie's Winning Streak Broken.
New York, May 15.—The New York Yankees broke Coveleskie's winning streak here today, defeating Cleveland, 2 to 0, in the first game of the series. In addition to pitching a great game, Quinn hit a home run into the right field stand, with Bodie on base, in the eighth inning, bringing in the only scores of the game.

Score: Clevel., .000 000 000—0 4 1. N. Y., .000 000 02*—2 4 0. Batteries—Coveleskie and O'Neill; Quinn and Hanna.

CUBS WIN SIXTH STRAIGHT GAME

Vaughn's Superb Pitching and Terry's Great Fielding Turns Trick — Score 5 to 7 — Other Results in National League.

Chicago, May 15.—Vaughn held Boston to four scattered hits today and, backed with great fielding by Terry, defeated the visitors, 5 to 1, making it six straight. Deal's fumble of Maranville's grounder let Sullivan score, the only run for the visitors. Score: Boston, .000 000 100—1 4 0. Chicago, .000 230 09*—5 9 3. Batteries—Fillingham, Jones and Gowdy; Vaughn and Kilmer.

Reds White Phillies.
Cincinnati, O., May 15.—The Reds bunched hits successfully off Cauley today, while Saltschek Philadelphia's pitcher, and the champions won, 9 to 2. Both short stops fielded in brilliant fashion. The batting and base running of Groh was a feature. It was the ninth straight defeat for the Phillies. Score: Phila., .100 010 000—9 1. Cin'tl., .002 032 02*—9 14 1. Batteries—Cauley and Traggesser; Saltschek and Wingo.

Cardinals Drop Another.
St. Louis, May 15.—Brooklyn won its second straight game from St. Louis today, hitting Jacobs and May opportunely. The score was 8 to 2. The locals fielded badly. Mameaux was steady in the pinches and after the first inning was never in danger. Score: B'klyn., .140 000 111—8 11 0. St. L., .200 000 000—2 5 3. Batteries—Mameaux and Miller; Jacobs, May and Clemons.

Giants Blank Pirates.
Pittsburgh, May 15.—Nehf held Pittsburgh to four hits today and New York won, 2 to 0. Adams was effective, except in the sixth and seventh innings, when the visitors scored their runs. Score: N. Y., .000 001 100—2 7 0. Pits., .000 000 000—0 4 2. Batteries—Nehf and Smith; Adams, Hamilton and Schmidt.

ILLINOIS WINS DUAL MEET IN EASY FASHION

Defeated Bradley of Peoria by Score of 87 to 38—Harmon's Men Outclass Opponents

Showing fine form Illinois College defeated Bradley in a duel meet on Illinois field Saturday morning by a score of 87 to 38. There was never a time from the time the first event was run when the result was in doubt. With but few exceptions Illinois not only took first but also second place.

In the hurdles Tomlinson breasted the tape first in both events. Cully was second in the 220 hurdles while Farrell finished second in the 120 hurdles. Perhaps one of the most exciting events was the mile run in which Crouch and Kraker of Bradley made a hair raising finish. Crouch nosed his opponent out by a narrow margin.

In the javelin Fierke, Ellison and Jones all of Illinois won. Bradley forfeited the relay and the Illinois team ran the event alone just to get the practice.

Knauss was the main point maker for Bradley. He is a sprinter of class and took the 100 and 220 dashes. Andrew and Melon finished one two in the shot put while Mellon and Ellison finished the same way in the discus. The summary:

220 low hurdles—First, Tomlinson, Illinois; second, Cully, Illinois; third, Graham, Bradley. Time, 26 3-5.

High jump—First, Clark, Bradley; second, Tomlinson, Illi.

nois; third, Plummer, Bradley. Height, 5'6 3-4.
220 yard dash—First, Knauss, Bradley; second, Mackey, Illinois; third, Gehrig, Bradley. Time, 24 2-5.
Shot put—First, Andrew, Illinois; second, Mellon, Illinois; third, Plummer, Bradley. Distance, 35:6 1-2.
100 yard dash—First, Knauss, Bradley; second, Gehrig, Bradley; third, Mackey, Illinois. Time, 10 2-5.

High hurdle—First, Tomlinson, Illinois; second, Farrell, Illinois; third, Graham, Bradley. Distance, 35:6 1-2.
Discus—First, Mellon, Illinois; second, Ellison, Illinois; third, Knauss, Bradley. Distance, 111:11.

Mile run—First, Crouch, Illinois; second, Kraker, Bradley; third, Dalbow, Illinois. Time, 5:7.

440 yard dash—First, Mutch, Illinois; second, Wittick, Bradley; third, Frazer, Illinois. Time, 5:5.

Running broad jump—First, Cully, Illinois; second, Thurman, Illinois; third, Knauss, Bradley. Javelin throw—First, Fierke, Illinois; second, Ellison, Illinois; third, Jones, Illinois. Distance, 133:3.

Half mile—First, Smith, Illinois; second, Davis, Illinois; third, Timmerstein, Bradley. Time, 2:15 4-5.

Pole Vault—First, Thurman, Illinois; second, Graham, Bradley; third, Farrell, Illinois. Height, 10:5.

Relay Race—Forfeited to Illinois by Bradley.

Charles Freitag, of Winchester, made the city a visit yesterday.

Social Events

Entertains at Dinner
Mrs. E. L. Pletcher entertained
at 6 o'clock dinner Saturday eve-
ning at her home on West College
avenue, in honor of Mrs. Pfitzen-
meyer, of Leroy; Mrs. P. D. Hart,
Hoopeson; Miss Frances Kall-
stadt, Riverside, Cal., and Mrs. W.
Watson, of Barry. The guests of
honor, all of whom are promi-
nently identified with the Home
Missionary department of M. E.
church, are guests at the home of
Mrs. Charles Hopper, on North
Diamond street.

Shower For
Miss Nell Anderson.
Miss Ethel Anderson and
Marie McCarty entertained about
seventy guests at her home on
East College avenue Friday eve-
ning. The party was in the form
of a shower for Miss Anderson
who is to wed John Russell of
Havana next month.
The evening was spent playing
games. When the cake was cut,
Katherine Hogan got the ring,
Agnes McCarty the thimble, May
Sherry the needle and Mrs. Jen-
nie Vierla the dime.

Housekeepers' Class
Honors Rev. and Mrs. Landis
The Housekeepers' Sunday
school class of Westminster
church held a reception last eve-
ning in honor of Rev. and Mrs. E.
B. Landis, who have just given up
the pastorate of Westminster
church.
The party was held at the home
of Mr. and Mrs. H. B. Kamm,
1127 Mound avenue. The even-
ing was spent in the contest, "Ten
Missing Presidents," which was
won by the group of which Mrs.
Landis was leader.
After refreshments were served
the class presented Mrs. Landis
with a Pyrex casserole.

Party Given in Honor of
Miss Alma McCullough
Mrs. Robert H. Allen, Mrs. Clif-
ford Allen, Mrs. Scott Holmes and
Mrs. W. A. Fay entertained at the
home of Mrs. Robert H. Allen
Thursday afternoon in honor of
Miss Alma McCullough, who is to
be married soon. About 40 guests
were present, who spent the after-
noon in sewing, making useful
kitchen articles for the bride-to-
be.
Miss McCullough was presented
with a large bouquet of flowers,
in which the guests had each
placed a handkerchief. The Allen
home was prettily decorated for
the occasion with spring flowers.
During the afternoon Mrs. S. G.
Smith, of Winchester, gave two
vocal numbers and refreshments
were served.

Miscellaneous Shower
Misses Marie McCarthy and
Ethel Anderson entertained at a
miscellaneous shower Friday
evening, in honor of Miss Nellie
Anderson, who is to marry Mr.
John Russell, of Havana, Ill., in
June.
There were about 65 of her girl
friends present and the evening
was spent in games and music.
The cutting of the large wed-
ding cake was a feature of merrit-
ment, the prizes going to the fol-
lowing ladies: Miss Agnes Mc-
Carthy, the thimble; Miss Kath-
ryn Hoban, the ring; Mae Sherry,
the needle, and Margaret Lynch,
the dime.
Other prizes were won by Miss
Ann Flynn, Nellie Anderson and
Nellie Kinney.
The bride-to-be received many
beautiful and useful presents.
Light refreshments were served
at a late hour, the color scheme
being pink and white.

Miss English Will Wed
At a party given Saturday af-
ternoon by Misses Winifred Wack-
erle and Minnie Balcke, at the
Woman's College, announcement
was made of the engagement of
Miss Anna English, of this city,
to Mr. Fritz Haskell, of Winches-
ter. Intimate friends of Miss En-
glish were the guests. In a game
which was a feature of the after-
noon golden hearts were used.

Within were smaller hearts and
on these the guests found the in-
itials "A. E." and "F. H." Then
the secret was out and those in
the company were informed of the
engagement. The date for the
approaching wedding was not
made known, but it is understood
that it will be solemnized at no
distant date.

Miss Helen Massie, with Miss
Lalla Skinner as accompanist,
sang "Because I Love You." It was
a very happy social event. The
company present included Mrs.
English of Arnold, Neb., mother of
the bride-to-be, and Mrs. Ernest
Dunston. Miss English has for
several years been a valued mem-
ber of the faculty of the Jackson-
ville high school. Mr. Haskell is
the sheriff of Scott county and
one of its well known residents.

Mound Woman's Club
Elects Officers
The Mound Woman's Country
club held their annual meeting
Friday afternoon with Mrs. How-
ard Stevenson, at her home on
the Mound road. The election of
officers for the ensuing year re-
sulted in the choice of the follow-
ing:
President—Mrs. W. S. Jones.
First Vice President—Mrs. J.
T. Crum.
Second Vice President—Miss
Carrie Gibbs.
Secretary—Mrs. Howard Stev-
enson.
Treasurer—Miss Amanda
Pfeil.
Chaplain—Mrs. A. F. Kitner.
Press Reporter—Mrs. V. R.
Riley.
Arrangements were talked over
for the annual picnic which will
be held in July. A feature will
be an exhibit of cookery by girls
of the neighborhood and manual
training products by the boys.
A social hour followed the pro-
gram and Mrs. Stevenson served
refreshments. Among the guests
were Miss Dorothy Westenhaver,
Mrs. William Spreen, Mrs. T. J.
Packard and Mrs. Earl Spink.

Literberry Society in
Annual Meeting
Members of the Clio Circle of
Literberry Christian church held
the annual meeting in honor of
their mothers Friday afternoon
at the home of Miss Lora Pete-
fish. This year beside the moth-
ers of the members, who were
the guests of honor, each mem-
ber was entitled to invite five
friends. There were 150 in the
company Friday afternoon and
all found the occasion most
pleasant. It had been planned to
hold an outdoor picnic, but the
condition of the weather made it
advisable to meet indoors.
The hours were from 2 to 5
o'clock and the program was an
especially appropriate for a
mothers' day observance. There
were readings and songs, quite a
number of those in the company
taking part. The president, Mrs.
Lavin Patterson, was detained by
illness and in her stead Miss Lora
Peteish presided.
Especially pleasing features of
the program were the reading by
Miss Esther Rankin and the solo
by Miss Doris Schumann with
Miss Ellen McCurley as accom-
panist. These young women are
students at the Conservatory of
Music in this city.
At the close of the program
luncheon was served. The tables
were most appropriately dec-
orated, a color scheme of yellow
and white being charmingly car-
ried out.
The committees in charge of
the arrangements were:
Domestic—Miss May Myers,
Miss Lulu Henderson, Miss
Emma Johnson, Mrs. Verne Hull.
Entertainment—Miss Lora
Peteish, Miss Georgia Lister, Mrs.
Mildred Pierce, Mrs. Lella Pete-
fish.
The next meeting of the Circle
will be held with the Misses
Johnson the second Friday in
June.

The pupils of the sixth grade
gave a party at the school build-
ing Friday evening for their
teacher, Miss Minnie Cheamher-
lain. The evening was spent in
games and light refreshments
were served.
Mrs. William Luster of Alex-
ander was among the shoppers
in Jacksonville Saturday.
Miss Gertrude Adkins went to
Beardstown yesterday for a few
days visit with her brother.
Mrs. C. F. Kidd and daughter
Helen of Roodhouse were visitors

CONTESTS IN MUSIC
DRAW LARGE AUDIENCE

**Finals Were Held in the Con-
servatory Saturday Evening—**
Miss Lois Harney Second in
Voice Contests—Clara Smith
Third in Piano and Louise
Robinson Fourth in Violin.

That high school students are
interested in other things than
athletics was shown by the large
and enthusiastic audience that
gathered in the Conservatory Sat-
urday evening to hear the finals
in violin, voice and piano.
The preliminaries were held in
the Conservatory Saturday morn-
ing and the judges selected four
from each department to appear
in the finals.
All of Jacksonville high school
representatives were chosen and
appeared Saturday evening and
all placed. Miss Lois Harney
was second in voice, Miss Clara
Smith third in piano and Miss
Louise Robinson fourth in violin.
Harold Ropiequet, of East St.
Louis, exploded the old theory
that a boy who stars in athletics
does not do well in other school
activities by winning first in the
voice contest. The competition
was keen but the judges gave the
decision in his favor.
Ropiequet is a member of the
East St. Louis track team. In
the afternoon he won the second
race of the 440 yards dash from
a large field.
The judges for the contest
were Mesdames W. R. James and
W. Barr Brown, Jr., and Misses
Dunlap, Forsyth, Jackson, Clara
Moore and Ainslee Moore.
The contestants in the various
events and their numbers are
given hereunder:
Violin.
First, Gerald Gill, Virginia—
Son of Pusztia, Keler Bela.
Second, Alfred Hughes, Waverly—
Legende, H. Wieniawski;
Valse Bluetie, Drigo-Auer.
Third, Marie Vanden Broeck,
Mt. Olive—Scene de Ballett, De-
Beriot.
Fourth, Louise Robinson, Jack-
sonville—Concerto No. 9, An-
dante, DeBeriot.
Voice.
First, Harold Ropiequet, East
St. Louis—Invictus, Bruno Huhn.
Second, Lois Harney, Jackson-
ville—May Morning, Denza.
Third, Lee Henry, Greenfield—
The Holy City, Stephen Adams.
Fourth, Gertrude Scheppmann,
Pawnee—Morning, Oley Speaks.
Piano.
First, Frank Collins, Virginia—
Barcarolle, F sharp minor,
Godard; Marche Militaire,
Schubert-Tausig.
Second, Blodwyn Hopkins,
Granite City—Prelude in C sharp
minor, Rachmaninoff.
Third, Clara Smith, Jackson-
ville—Waltz in E minor, Chopin.
Fourth, Janice Prather, Rood-
house—Prelude, Mokrejs.

Matrimonial
Foster-Crum
James T. Foster and Miss El-
leen E. Crum, both of this city,
were united in marriage at 8:00
o'clock Saturday evening, by Jus-
tice W. T. Dyer, at his home on
South Diamond street. The groom
is a painter by occupation and
they will make their home in this
city.

ILLINOIS COLLEGE NOTES
Miss Flora M. Taylor, instruct-
or in Latin, Miss Grace Marshall,
'21 and Professor George H.
Scott, mathematics professor at
Illinois College judge a high
school contest in declamation and
vocal solos in the Palmyra High
school on Wednesday evening.
Nearly all the members of the
present senior class who are ex-
pecting to teach have already ac-
cepted good positions for next
fall. Among the recent appoint-
ments J. Wilson Akers has ac-
cepted a position as principal of
the high school at Paris, Mo.
Miss Celine Szumlanska, one
of the French girls at the College
was recently appointed instructor
of French at the University of
Iowa at a liberal salary. Miss
Helen Struck of Jacksonville will
teach English in the Jacksonville
High school for the coming year.
Two former students of Illinois
College will attend the general
assembly of the Presbyterian
church at Philadelphia—Thomas
W. Smith '87, who will be there
as the representative of the Col-
lege and T. M. Tomlinson, who
will represent the Springfield
Presbytery.
Among the alumni and former
students of Illinois College, who
were on the campus for the Inter-
scholastic was Miss Boulah En-
nie, principal of the high school
at Payson, Ill.
Colonel Edward Clifford '96
was in town on Friday with the
officers of the American Legion.
Colonel Clifford is greatly inter-
ested in the drive for member-
ship by the Legion and is giving
most of his time to that work at
present.

ALEXANDER
Alexander, May 15.—Mrs. Anna
ceurup, who has been visiting her
son, Harry Beerup, in Naples, has
returned to her home in Alexan-
der.
Mrs. A. G. Watret and Chester
Watret were among the visitors
in Jacksonville Saturday.
Mrs. Henry Young, daughter,
Miss Christina, and son, William,
spent Saturday with friends in
Jacksonville.
Other Jacksonville visitors Sat-
urday were Mr. and Mrs. W. E.
Morrow and family, William Rose-
berry and son, Emmett, Myron
Miller and James Madison Cox.

MAY DAY AT I. W. C.
Monday afternoon at 5:30
o'clock the students of Illinois
Woman's College will celebrate
May Day. This is always one of
the most beautiful pageants of
the year and this year the girls
have spared no pains to make
May Day this year even better
than those of the past.
Miss Ruth Harker will be
crowned May Queen.

the Farm

TO-RO Cultivator

The TORO is the final achievement in use-
ful, adaptable farm power equipment that
makes the motorization of the farm complete.
It is two standard machines in one—an effi-
cient two-row cultivator and a dependable
tractor. Each operates independently of the
other and the dual equipment does the work
of from two to four horses.

Readily Changed
—from Cultivator to Tractor
—from Tractor to Cultivator

Use as a tractor to pull two 10 or 12 inch
plows and to prepare ground for seeding and
plant seed. Then use as a cultivator until
harvest season and change back into a tractor
for fall plowing, hauling, belt work, etc. The
conversion is as simple as changing a tire on
your car.

**All our repairs
- on any make
of battery - are
guaranteed for
8 months.**

Is that good old battery of yours getting balky?

TO bring back its snappy motor-spinning power may require only a skillful repair. No matter what your battery's make, bring it in for Golden Rule Service.

We don't have to sell a fixed number of batteries each month; that's not the USL Policy. Often when a man thinks his battery is done for and wants to buy a new USL, we show him how he can save money. We repair his battery and give him an adjustment guarantee for eight months. That is Golden Rule SERVICE.

We are expert at keeping electrical systems in tune so they will treat batteries right. It is important to remember this.

We sell only the USL Battery, which has long life Machine-Pasted Plates. USL Batteries are shipped to us "Dry-Charged." This avoids all before-sale deterioration and you are assured a perfect battery with every bit of its life intact.

If you have trouble with your automobile battery and require recharging or repairing, come to us at once and enjoy our Golden Rule Service

SCHOOL YEAR CLOSSES AT MANCHESTER

Commencement Exercises Held at the Baptist Church—Eight Received Diplomas.

Manchester, May 15.—A large audience gathered at the Baptist church Friday evening to witness the commencement exercises of the graduating class of the high school. The church was beautifully decorated in the class colors, green and gold, a large arch covered with ferns, potted plants and bouquets of roses, the class flowers. Eight graduates composed the class, namely: Ruth Blackburn, Ada Cummings, Opal Roe, Faye Grunwald, Mabel Blackburn, Ada Cummings, Opal Roe.

It was a matter of gratification to the many friends of Superintendent Claude H. Griffith, and especially the members of the class, that he was able to be present at the commencement exercises and present the diplomas.

The program of the exercises follows:

March—Wyatt Orchestra.
Invocation—Rev. Fred Peak.
Salutatory Address—Harvey Ailsworth.
Music—Wyatt Orchestra.

Vocal Solo—"The Mission of the Rose"—Lucille Antrobus.
"Why We Succeed or Fail"—Freeman Grant.

Vocal Solo—"Evening Brings Rest and You"—Mrs. J. C. Andrus, Jr.

Address—Ivan Rossiter.
Music—Wyatt Orchestra.

Presentation of Diplomas—Claude H. Griffiths.
Benediction—Rev. Fred Peak.

The Manchester public schools closed Friday, ending a successful school year. Parents of the school pupils and patrons, gathered at the school building and enjoyed a dinner. After the dinner was served the pupils of the primary and intermediate rooms gave an interesting program.

Class night exercises were held at the Baptist church Wednesday evening. The church was prettily decorated for the occasion with the class colors and ferns. The numbers on the program were well rendered and the graduates acquitted themselves with honor.

The program follows:

March—Grand March de Concert—Louis Pearce.
Opening Chorus—"Neath the Elms." "Those Evening Bells." "There's Music in the Air."

Class History—Mabel Blackburn.
Reading—Opal Roe.

Piano Solo—Ruth Blackburn.
Class Prophecy—Mildred Lakin.

Class Poem—Hazel Duncan.
Class Presentation—Harvey Ailsworth.

Vocal Solo—Ada Cummings.
Class Will—Freeman Grant.
Class Song—"The Class."

The eighth grade commencement exercises, under the direction of the teacher, Miss Dorothy Oehler, were held at the M. E. church Thursday evening. A large audience was present to witness the exercises and the program was well rendered. Fifteen graduates composed the class.

The following program was given:

March—Miss Oehler.
Greeting—Frank Cummings.
Vocal Solo—Neal Dreannan.

Reading—Norma Thady.
Piano Duet—Mildred Ellington.
Class Poem—Lou Emma Wright.

Presentation of Diplomas—Claude H. Griffiths.
Benediction—Claude H. Griffiths.

Mrs. Mary Beebe of Wrights is the guest of Mrs. Sarah Wilson and other friends.

Contracts for the fabrication and erection of a bascule bridge for the Wabash railroad over the River Rouge at Detroit have been let and it is expected that the bridge will be in operation in the spring of 1921.

The contract for the manufacture of the steel work and machinery was obtained by the American Bridge Company, New York City; the erection of the steel work machinery and dismantling of the present structure will be done by the Kansas City Bridge Company, and the masonry work will be done by the J. W. McMurry Contracting Company, Kansas City.

The proposed structure is a single trunnion bascule bridge with a double track, providing a clear navigating span of 125 feet, and is to be operated by electricity with an auxiliary operating plant using a gasoline engine. The foundation piers carrying the trunnion will be concrete carried to bedrock and the rest pier, supporting the end of the bridge, is to be carried on a pile foundation.—St. Louis Globe Democrat.

The Brunswick Name Certifies an Extraordinary Tire

Many motorists buy Brunswicks because of the name alone. It is sufficient assurance for them of super-quality.

They have known this ancient house for its high standards, as have their fathers and grandfathers. Since 1845 the House of Brunswick has been noted for its rare workmanship.

Brunswick standards, as applied to tires, mean giving the utmost. In them you will find combined all the approved features properly related. No one advantage overshadows others nor hides shortcomings.

The best tread that's known, the strongest fabric, the most enduring side-wall construction, every addition, every extra, make Brunswicks prove their superiority. No factory cost has been too great.

ONE Brunswick will win your decision to have ALL Brunswicks. It will be a revelation.

Buy it today. It costs no more than like-type tires.

THE VIEIRA CASE

In the Journal on April 28, 1920, a piece was published in regard to the heirs of the late Joshua M. Vieira. Mrs. Carrie E. Vieira, George M. Vieira and Charles E. Vieira, the defendants, desire to have it be made plain that no fraudulent means were being used in the running of the farm or in the transaction of any of the business.

These same persons made the following statements:

"It must be further understood that George M. Vieira was not defrauding or trying in any way to defraud his mother. He had not obtained possession of the farm lands or any of the personal property, including horses or cows, neither had he threatened to expell from any connection with the property either Amos, David, Fred or John Vieira.

"The possession of the city property by Charles E. Vieira is in no way in violation of the agreement made on October 25, 1917. This property is not a part of the estate of the late Joshua M. Vieira, but has always been the property of the mother, Mrs. Carrie E. Vieira.

"John H. Vieira, who was said to be on the side of the plaintiff, did not know the particulars, as he is living out of town, but since he has learned them, he has taken sides with the defendants against the plaintiff."

The Ready Acceptance of CHALMERS is Nation-wide

WHEREVER automobiles are discussed the merits of "Hot Spot Chalmers" are freely conceded.

For its Ram's-horn and Hot Spot devices have solved the problem of extracting the maximum power from low grade "gas."

And Chalmers performance has proved that those engine troubles which are almost invariably associated with the use of this low grade "gas" have been eliminated.

Hot Spot "heats up" the raw "gas," "breaks it up" and vaporizes it into a "cloud."

This makes just the right kind of fuel for the cylinders.

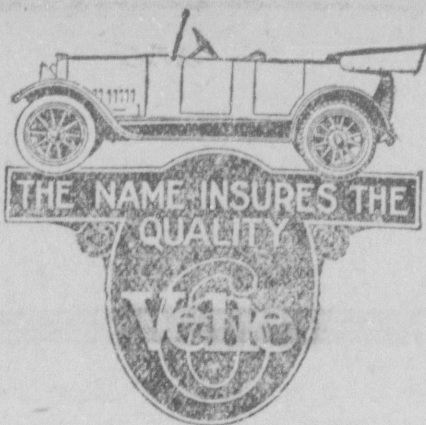

Ram's-horn, with its easy air bends, rushes the "cloud," at a speed estimated at 100 miles an hour, an equal distance to each cylinder, and when the spark plugs ignite the "gas" you get results.

These two devices have done much for Chalmers. They have given it remarkable smoothness. They have brought down the item of repairs and replacements to an almost negligible sum per year.

Many now say Chalmers is one of the few great cars of the world.

OLDEST LIVING I. C. GRAD SENDS SUBSCRIPTION

Other Notes on the College Campaign

A subscription was received a few days ago at the College office from the Rev. George W. Harlan, 46, the oldest living alumnus of the college. Mr. Harlan, in addition to being the oldest living alumnus, has also the distinction of being the only surviving founder of the Sigma Pi literary society. He is 96 years of age and resides at Farmington, Mo. He writes President Rammelkamp as follows:

"I very earnestly desire that your cherished ideals of a greater Illinois College may be fully realized. . . . I am feeling the infirmities of extreme old age, being almost 96 years old. Have lost my hearing and my sight is failing, so that I can read with ease only coarse print and that by daylight. However, I do not complain, for during my long life, our Heavenly Father has dealt very kindly with me, and I call upon my soul to praise him for his loving kindness to me and to forget not all his benefits, prominent among which were the educational and religious privileges which I enjoyed during the very happy years of my student life at Illinois College, my dearly beloved alma mater."

Another subscription of interest received during recent days was one from Dr. David Kinley, the president of the University of Illinois. Dr. Kinley is an honorary alumnus of Illinois College.

Dr. Thomas W. Smith, the assistant director of the campaign, left for the East on Thursday. Dr. Smith will interview several friends and alumni of the college on his way to his home in New Jersey. He will also represent the college at the general assembly of the Presbyterian church in Philadelphia. He will return in time for the commencement festivities in June.

The trustees recently held a meeting in order to consider the future plans for the campaign. For various reasons the active prosecution of the campaign in the county precinct may be postponed until somewhat later in the summer. A definite announcement in a few days from the trustees may be expected.

The list of friends in the Franklin precinct who have contributed to the fund will be published shortly. Additional subscriptions are being received from the Franklin friends.

ILLINOIS PRESS WOMEN WILL MEET

The Illinois Woman's Press Association, a club composed of paid writers, publishers, editors, authors, poets, newspaper women and illustrators, will have headquarters in the French Room, Congress Hotel, Chicago, during the Convention of the Illinois Federation of Women's Clubs in Chicago May 25-26-27.

All writers and newspaper women attending the convention are cordially invited to make their headquarters in the French room, where an expert typist will be at their service.

An informal hour will be held each afternoon from four to five, with short talks by well known women of the craft. A luncheon is planned for Thursday, May 27, at 12: noon, at the Chicago Woman's Club, 410 South Michigan avenue. Some of the writers of "Best Sellers" will be guests of honor—\$1.25 per plate. Send reservations to Mrs. D. D. Harry Hammer, 3903 Lake Park Avenue, Chicago, by May 24.

The Illinois Woman's Press Association was one of the first woman's clubs to be organized in Illinois. It has always held a unique and superior place among women's clubs, because the ability to get pay for pen work is the only credential that admits to membership.

Many of the best known women writers of the state and country belong to this club. Among them are Gene Stratton Porter, author of "Freckles"; Harriet Monroe, editor of "Poetry"; "The Story Lady"; Idah McGlone Gibson, syndicate writer; Lillian Russell, beauty editor, etc.

The club is affiliated with the

Rest Room Privilege

IN REMODELING OUR BUILDING following the trend of the times, making the radical change in our business from horse to automobile, our first thought was to give the same good service to the public. The advent of the automobile made many changes necessary.

ONE OF THE ACCOMMODATIONS most appreciated by persons arriving in any city by auto is the wash and rest room.

We accordingly made ample provision in that respect and are glad to offer this service to all automobile visitors.

Drive in here first. Leave your car and wraps in our care. Have your parcels sent to us to be cared for until you are ready to leave.

We are only one block north of the square, on North Main street, close to all business houses, picture shows and theater.

THE AMERICAN LEGION MEMBERSHIP WEEK

*To You, Mr. Veteran, Who Have Not
Yet Joined The American Legion*

This Advertisement Is Addressed

WE want you to join this week. Thousands of your buddies are rallying to the American Legion colors during this Membership Drive and YOU can't afford to stay out of the greatest veteran organization the world has ever known. The aims and purpose of the American Legion have been explained to you in the public press--the general public is entirely in favor of this national institution--there is no sensible excuse for you to miss your great opportunity to be one of us. Join this week and help to boost.

If You Have Not Joined, Is It Because

You Think That the American Legion is a Military Organization?

IF SO, your impression of the Legion is manifestly incorrect. In the first place, the prime requisite for membership is an honorable discharge from the military or naval forces of the United States. This is a civilian institution only and you must first prove that you are a civilian by producing your honorable discharge. Any man who is in active service can not belong to the American Legion. You have to prove that you are completely separated from the military or naval service before you will be allowed to become a member.

Because You Think That the American Legion is a National Guard Organization?

You would again be in error should you imagine that the American Legion has been instituted to take the place of any state or national reserve or police bodies. It has no connection whatsoever with the National Guard and can neither be called nor expected to act as a unit for the purpose of putting down strikes, doing guard duty, or performing any of the military or police duties regularly imposed upon the National Guard.

Because You Think Membership in the American Legion Makes You More Liable to Military Service?

The Government of the United States did not organize the American Legion. It controls none of the officers of the Legion, none of the Legion's functions, none of the Legion's membership excepting as it controls all American citizens and all American organizations under laws enacted by the Congress. When you join the American Legion your name is not added to any new military service roster--you are no more subject to the draft regulations than you ever were, and no more expected to be called for military service than any other American citizen of military age in case your country should need you. The American Legion will expect you to and insist that you perform your 100% patriotic duty at all times but binds you to the performance of no duty toward your government that is not a duty of every other good American citizen.

Because You Think That the American Legion is Opposed to Organized Labor or Vice Versa?

The American Legion and the American Federation of Labor are working toward the same ends. They both strive to enforce among their members a close adherence to the basic principles upon which our Government is founded. Both of them are insisting upon 100% Americanism, full devo-

tion to the national welfare, and supporting the truly American high ideals of liberty and democracy.

You may rest assured that any rumors alleging antagonism between these two great American organizations are entirely false and spring only from radical sources. The American Federation of Labor heartily endorses the American Legion and recommends that its members join the Legion. In turn the American Legion welcomes union men who served their country and assures them their obligation to the tenets of the Legion will in no way conflict with their duty to their fellow workers.

The only class which is not tolerated, either by Organized Labor or the American Legion is that vicious element which seeks to prey upon the ignorant and the illiterate by making false statements and preaching the rank doctrines of anarchy. We know this element under various names--I. W. W.s, Communists, Bolsheviks, Internationalists, and others. But all of these are the enemies of government, justice and democratic fundamentals, hated by real Americans the country over. The American Legion and the American Federation of Labor alike must combat their insidious propaganda and educate workers and ex-service men to their true significance that the red flag may never flaunt its filthy insult in the face of the Stars and Stripes.

Because You Think That the American Legion is Composed Only of National Guard Men or Overseas Men?

If you are carrying any such false impressions it is easy to set your mind at ease. Membership in the American Legion is granted to any man or woman who served in the Army, Navy or Marine Corps during the period from April 6, 1917, to November 11, 1918, and can produce an honorable discharge from such service. Whether you served in the National Guard before the war or not makes no difference. Whether you went overseas and served in the American Expeditionary Forces or did your duty in this country does not have any influence upon your eligibility to membership in the Legion. We acknowledge no service rank, no political preferences, no social classes. The American Legion is intended for ALL FORMER SERVICE MEN.

There are several other organizations of men who fought in the great war, seventeen to be exact. They are all small. The total number of their enrollment is less than one-sixth that of the American Legion. They have been organized for various purposes and for various classes of service men. They are not in competition with the American Legion and never can be. There is only ONE organization that includes ALL veterans and its name is THE AMERICAN LEGION.

It didn't take the federal union long to get the habit.

Editor McNabb thru his paper the Carrollton Gazette thanks the delegates to the Congressional convention held here for electing him a member of democratic state central committee. We don't see why a man should return any thanks for a job on democratic committee this year.

Both of the party conventions dodged the moist planks which had been prepared for the party platforms. However, from what we hear a great many of the delegates did not dodge the liquor that was floating freely in the state capital on convention day.

If Mr. Debs should happen to be elected president he can have the white house moved down to Atlanta.

The Admiral Sims-Secretary Daniels controversy is on a par with the Sampson-Schley argument after the Spanish-American and of about as much importance to the public. About all it is doing is cluttering up the press reports of newspapers and crowding news off the wires that is really of some interest and importance.

There was a lot of talk about a sugar famine and rationing of sugar while the price was jumping from fifteen and sixteen cents to thirty-five cents. Now that it is retailing for the most part at 35 cents per pound there is no sign of a famine in Jacksonville. Every grocery store is displaying sacks and barrels of sugar and one can buy it by the pound or 100 pounds if one has enough money. But it is hard to find many citizens who want to buy one hundred pounds and present prices.

Three New York swimmers were injured in a taxi accident. This goes to show that swimmers as well as others should stick to their profession.

Why not furnish those Chicago socialists who want a Soviet form of government with transportation to Russia?

A jury inquiring into the death of a Virden man who was kicked by a mule, returned a verdict that death was accidental. We are inclined to the opinion that when a man gets kicked by a mule there is nothing accidental about it.

THE MONUMENT ASSOCIATION

The Morgan County Monument association met at the court house yesterday for the transaction of business.

Permission was secured from the county board to plant flowers in the circular basins on the north and south sides of the monument. Pipes have been laid for a fountain there if in the future it may seem practicable when the dirt can easily be removed and no harm done.

The death of Capt. James M. Swales was reported and the following was unanimously adopted. Death has again invaded the ranks of the Morgan County Monument Association and taken from us our esteemed member and comrade, Captain James M. Swales, who went to his final resting May 12th, 1920. His arduous service in behalf of his beloved land and his indescribable sufferings endured for nine months in the prison hell of Andersonville rather than turn against the flag he loved all tended to undermine his fine constitution and for years he was not a well man but he bravely bore up under manifold duties ever striving with all his might, and often beyond his strength, to perform the obligations which he felt belonged to him.

He was a valued member of our association and eagerly anticipated the time when the monument would be completed for it was one of his fondest hopes that he might see it finished according to the design chosen by the association and people. His disappointment in this was keen and even in his latter days he hoped he might even be carried on stretcher to see the work as far as it had gone but even that was denied him.

He was a brave soldier, a true friend, a man honored in the community in which he lived and his loss is deeply deplored by all who knew him and especially by his loved ones, his comrades and the members of this association. The sincere sympathy of this body is tendered the bereaved children and the appreciation of the association for the noble attention and care bestowed on the father is hereby expressed to them along with our tenderest sympathy.

The secretary of this association is requested to send a copy of this action to the family of Capt. Swales, spread one on the minutes of the body and supply another to the press of the city. Done by order of the Morgan County Soldiers' Monument Association.

Do You Know the Secret of Essex Leadership?

It is the New Light Type With Big Car Ability. Can Any Light Car Rival Its Speed, Power or Endurance?

Lightness today is an overwhelming advantage in a motor car, provided it means no forfeit of fine performance, endurance or distinctive appearance.

Yet, prior to the Essex, what car combined all these qualities? There were light cars to be sure. But none to meet the requirements of those who exact the highest standards of ability, comfort and good looks.

Had such a type existed, Essex could not have won such swift dominance. It could have set no world's selling record as it did, with a greater total paid for Essex than for any car ever brought out in its first year.

The very suddenness of its success shows how its qualities commanded attention. For men are not quick to buy a car that time has not proved.

And the Essex came unknown. Merit was its only advocate or recognition. Its quality was instantly obvious. In looks, in action, its appeal was dynamic. And it drew immediate response from all classes of motor users.

Almost Doubles Light Car Endurance

They found ability, speed, and power before believed impossible in a light car.

Now see how Essex has justified all the fine things that have been said in its praise. An

Essex stock chassis set the official world's 50-hour endurance record of 3,037 miles. In three tests it travelled 5,870 miles averaging above a mile a minute. An Essex stock touring car also holds the world's 24-hour road record of 1,061 miles.

To those who had owned light cars, the Essex was a revelation. It gave them a new sensation of stability and power. They found charm of appearance, riding ease, and pride of ownership that comes from possession of a car they know none can surpass in performance.

The Dominant Light Car By Official Proof

People accustomed to fine car qualities recognize in the light Essex, all the performance, comfort and good looks that formerly were regarded exclusive to large, costly cars.

And with it Essex brings every advantage of the light type. These compel consideration. They consist not only of important economies, but of greater handling ease, safety and convenience. Parking for large cars is becoming an increasingly difficult problem. So, too, is their manipulation in heavy traffic. The light car clearly shows its value in greater nimbleness. The common sense facts prove it from every angle, the type for all-round usefulness.

When you know the appeal of the Essex you will scarcely be content to drive another car.

PULPITS

The Rev. E. L. Scruggs, former pastor of Mt. Emory church of this city, will conduct both services at the said church Sunday, while Rev. E. A. Crockett, the present pastor, will fill Dr. Scruggs' pulpit in Jefferson City.

The exchange is due solely to the friendly relations of the two ministers and both congregations are looking forward to the services with joy and delight. Dr. Crockett will remain in Jefferson City thru Monday evening and assist Dr. Scruggs in ordaining two or more deacons for his church.

The pastor of Mt. Emory is urging all members and friends to attend both services Sunday and give the visitor a warm welcome.

Benjamin Davenport made a trip from Alexander to the city yesterday.

Farm Bureau Notes**Sudan Grass**

Several of our Morgan county farmers have tried growing Sudan Grass as a catch crop. J. G. Bergschneider of Franklin thinks this grass is fine for a midsummer forage crop. He recently ordered 150 pounds of the seed for the purpose of sowing quite a field. Some farmers cut two hay crops from Sudan Grass in a season, while others cut one hay crop and then pasture for the rest of the season. It seems to be a much more satisfactory catch crop than millet.

Soybean Soil

For the best results soybean seed must be inoculated with soil from fields where soybeans have been grown successfully for several years. Up to the present time we have always had to ship in several sacks of the right sort of soil each season and distribute it to farm bureau members. We are doing the same thing this season. But C. A. Rowe says that the plants which grew in his field had so many nodules on the roots last season that he is confident that his soil can now be used for inoculating seed. However, in order to be on the safe side, he called at the farm bureau office and secured soil enough to inoculate the beans sold to his customers.

Fertilizing the Potato Patch

Several inquiries have been made at this office in regard to using phosphates on potatoes. Acid phosphate or bone meal either one will give good results if worked thru the soil before the potatoes are planted. The county agent followed with interest an experiment in the Red River Valley in which applications of these fertilizers paid returns ranging from 33 to 50 per cent on the money invested.

Spraying Peaches and Cherries

Both peaches and cherries can be kept free from worms by spraying. I am spraying peaches they use arsenate of lead and freshly slacked lime. This controls the Curculio. In spraying cherries they use lime sulfur and arsenate of lead. This controls both the curculio and the leaf spot. In a few days we shall have copies of circular 212 which will give directions for spraying all fruits.

Peach Tree Bore

This is the greatest enemy of the peach in central Illinois. The only remedy is to go over the trees twice each season and remove the young worms with a sharp knife and a piece of flexible wire. This bore is very important in commercial and family orchards and is not given as much attention as it should be.

Membership List

Many requests have been made by members of the farm bureau for a complete list of the members in Morgan County. In a few days we shall issue this list in a printed form to all members. In arranging for a community meeting it is very important for the community chairman to know who belongs in his township.

**BEAUTIFUL HOME
WEDDING AT CHAPIN**

Miss Gertrude Onken Becomes Bride of Bernard H. Allen—Many Out of Town Guests Present for Impressive Ceremony.

Chapin, May 14.—The marriage of Miss Gertrude Onken and Mr. Bernard H. Allen was solemnized Wednesday evening at the home of the bride's parents, Mr. and Mrs. Gustav Onken, in Chapin. The ceremony was witnessed by a large company, Rev. Frederick W. Burnham officiating. The beautiful double ring service was used.

Just preceding the ceremony Miss Amy Onken, cousin of the bride, with Miss Isabelle Woodman as accompanist, sang "At Dawning" and Love's Garden of Roses."

As the strains of Lohegrin's wedding march were sounded little Jane Ellen Obermeyer, cousin of the groom, made her appearance carrying a beautiful red rose in the petals of which was resting the wedding ring. Next came Miss Johanna Onken, sister of the bride, as maid of honor, and Miss Ruth Webster as bridesmaid.

The bride approached with her father and met the groom and the best man, Edmund Stofft, beneath a canopy of green here the words which united the two were spoken.

The bride was gown in handsome white brocaded satin with sweeping tulle veil caught by orange blossoms. She carried a shower bouquet of bride's roses. Miss Onken was attired in green organdy and Miss Webster in lavender organdy. Both carried nosegays of roses and sweet peas. The little ring bearer wore a gown of white organdy, while Mrs. Onken, mother of the bride, wore a gown of tricolette. Mrs. Allen wore a dress of taffeta with a corsage bouquet of pink roses.

The Onken home was handsomely decorated for the wedding event, roses and lilacs adding beauty to the various rooms. The predominating colors were lavender, green and white.

Following the ceremony a delicious luncheon was served with Hood & Larson of Jacksonville as the caterers. Later in the evening Mr. and Mrs. Allen left for a wedding trip and upon their return June 1st will be at home at Versailles, Ill.

This May bride is the daughter of Mr. and Mrs. Gustav Onken, prominent residents of this community. She received her education in the Chapin schools and later was a student at Illinois Woman's College in Jacksonville. She is one of the most popular young women in the Chapin community and has countless friends to unite in good wishes at this time.

Mr. Allen who is the son of Mr. and Mrs. Andrew Allen of Chapin, is a young man of fine character and special business ability. He is now manager of a lumber business in Versailles, where he and his bride will make their home. Mr. Allen is a former student of Knox college and a member of the Beta Theta Pi fraternity.

A number of out of town people were present at the wedding among the number being Mrs. Coy Burton and Miss Ruth Webster.

Daily Market Report

STOCKS RECOVER

SOME OF LOSSES
New York, May 15.—Altho authorities continued to emphasize the further reactionary trend of the financial and commercial markets, today's short session of the stock exchange was declared to have furnished additional evidence of an overextended short position.

A sentimental factor in the moderate recovery of prices was the belief that further gold imports from London are impending altho confirmation of such a movement was not obtainable in well informed quarters.

Dealings fell to the smallest volume of any week end so far this year. The tone was firm to strong, with the usual shading of prices on realizing for profits at the close. Sales amounted to 250,000 shares.

Trading in bonds was fairly large again, concentrating in Liberty and Victory issues at further price impairment.

Total sales (par value) aggregated \$7,750,000.

For this week old U. S. 2s and 3s each declined 1/4 per cent on call, with a drop of 2 per cent on Panama 3s.

Double Seal Piston Rings carry money-back guarantee

Automobile and Tractor Owners—Attention

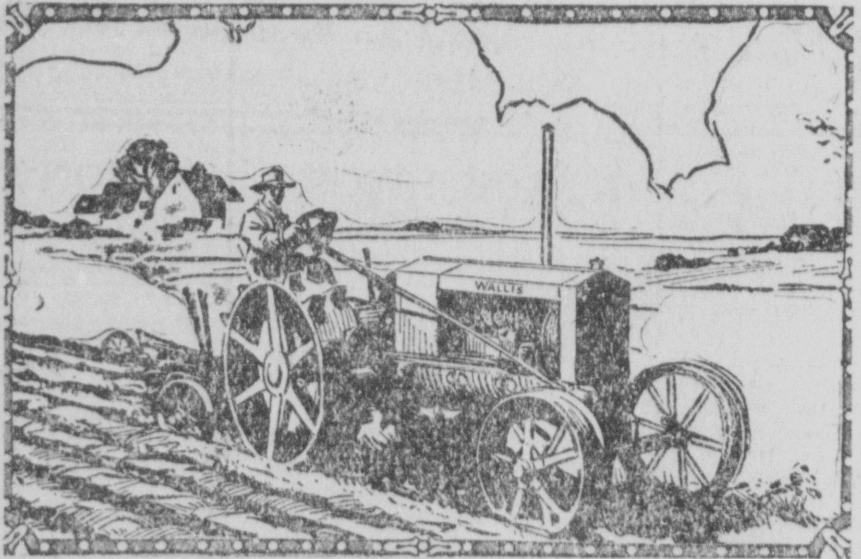

Double Seal Piston Rings will stop oil troubles and give you a wonderful increase of power which will surprise you. Over two thousand have been sold here in Jacksonville by the various garages and your garageman can tell you about them and supply them for you. These rings have a money-back guarantee that will satisfy you. The construction is so that the top is one piece and the inside is also one piece, preventing carbon from packing and oil gumming, thus maintaining original efficiency. The wall of the cylinder is sealed and the groove is also sealed (thus the name Double Seal) which holds the compression chamber. Equal compression enables you to perfectly adjust your carburetor and get a 25 per cent greater mileage from a gallon of gasoline and also 500 miles on a gallon of engine oil.

KATCHA-KOO — — SOME SHOW

WALLIS

America's Foremost Tractor

To feel the steady, powerful rhythm of the Wallis as it forges ahead, leaving row upon row of clean-cut furrows in its wake, is a never-ending delight to the Wallis-owner at plowing time.

Then, most of all, the clock-like regularity and almost human faithfulness of this quality tractor makes money for its owner. Power is the prime essential in any tractor.

There is No Basis of Comparison. In the Field or on Display, it is Always America's Foremost Tractor.

The element of doubt as to whether plowing will be finished on time has disappeared among Wallis owners.

The fact that the Wallis will go, and keep going, its steady, powerful pace until the work is done is taken for granted. Only one thing has made this condition possible.

The Wallis is Basically Right.

This medium light weight machine is endowed with tremendous strength as by such advance ideas as the "U" frame construction, the beautifully finished cut-and-hardened steel gears carefully protected from dust in steel housings, where they operate in a constant flow of clean oil, the valve-in-head engine with removable cylinder sleeves and completely machined combustion chambers, the over-size bearings.

Some day all men are going to believe in the Wallis principles.

That the number of converts is growing, is indicated by our difficulty to keep up with the demand.

If you want a Wallis Tractor we advise you to act at once. Do not procrastinate. It does not pay. Come in and investigate the above proposition; seeing is believing. You know that it will be utterly impossible to put in the crop with teams when the hot days come. With the Wallis, plow day and night, then your worries and troubles will be forgotten, because you let the Wallis do the work.

COLLAPSE OF LIVERY BARN CAUSES INJURIES

Three People Injured When Livery Barn at White Hall Collapsed—Will Have Municipal Band—White Hall News Notes.

White Hall, May 14.—The collapse of the old livery barn on South Main street shortly before noon Thursday resulted in injuries to three persons, Rev. J. O. Raines, Fred Raines and Curtis Bricker. It develops that Bricker is the more seriously hurt, and he is to undergo another examination today to determine if there are any internal injuries. He fell on his back as the building went down, and his main injury is in the back. He was unconscious for a short time. Fred Raines received a cut on the head, and was unconscious for some time, but he apparently had fully recovered before the day was over. Rev. Raines was thought to be the least hurt, but he is complaining to a considerable extent today, and is confined at his home. He received a hard blow on the head.

Rev. Raines is a well known Baptist preacher, being executive secretary of one wing of Illinois Baptists that maintains missions in Persia, Syria and Galilee. He is quite an extensive real estate operator over the state, and owns considerable real estate in White Hall. He bought the old livery barn at public auction last Saturday, and was supervising its wreckage at the time of the accident.

Is Historic Site.

The site of the barn has been the scene of most of the Baptist activity in White Hall's history. The original Baptist church here was organized in 1826, and a rather commodious frame structure was erected on this site, immediately south of which was located the original White Hall cemetery. This edifice supplied the demands of the Baptists until the erection of the present brick structure on Carrollton street in 1891, when the old building was abandoned and converted into a livery barn. The little organ used by Flora Hamilton Cassel, the famous hymn writer, is still in existence in California in the possession of a daughter of the late John Nelson, and Miss Dora McFarland saw it and heard it on her visit to California a few years ago. One of her reproductions is "The King's Business." Her father, the late Elder B. B. Hamilton, was the pastor for a long period

of years, and the Hamilton family contributed to history. Dr. John B. Hamilton founded the United States marine hospital service, and made it a model for the world, being summoned to Europe to assist foreign governments in establishing a like service. At the time of his death he was connected with Rush Medical College at Chicago and editor of the Journal of the American Medical Association. The surviving member of the family is H. D. Hamilton, an attorney of New York City, who has served as adjutant general of New York, and was nominated by President Wilson for brigadier general at the outbreak of the war, but whose nomination was withdrawn when Hamilton met with an accident that placed him in a hospital. The old Baptist church is also here the Duncan sisters began their singing careers that have made their name known far and wide in revival and concert work, but who have not made a tour for a number of years.

Want Municipal Band.

The matter of organizing a band with municipal support was submitted to the city council at a special meeting Wednesday night. The idea was well received, and then the mayor and aldermen proceeded to get crosswise of the night police situation. This stumbling block is a detriment to civic interests. James Mann, representing the freight department of the Chicago & Alton, was in town today to inquire into the car situation. He found that the car supply here has been running short for the past week to ten days, but adds that the situation in the larger places is very much more serious. He fails to see a solution very early unless some means is devised to move freight more promptly. The terminal situation at Chicago seems to be the greatest drawback. St. Louis and Kansas City seem to be in pretty good shape.

Jesse Morgan, well known as a moderate socialist leader and who planned some big cooperative stores in this section of the state, is at the point of death at his home here. Morgan fathered the move for a municipal lighting plant at White Hall in 1915, which was defeated at an election then, and some of the strongest opponents of municipal ownership at that time are now saying that Morgan was right. The plants of the White Hall Sewer Pipe & Stoneware Co. are threatened with suspension because of the non-arrival of a car of feldspar, an ingredient used in the preparation of glazing. The car became lodged in the congestion at Chicago during the strike, and herculean efforts are being put forth to extricate it before a shut-down is forced.

W. S. Corsi has returned from Chicago, where he attended a committee conference the first of the week, he being a member of the live stock committee of the Illinois Agricultural Association. The agricultural interests are now prepared to go before the two great political party conventions with demands that will make the platform creators sit up and take notice.

A meeting of the building committee and contractors was held in the Presbyterian church Thursday afternoon to plan the basement improvements, for which the sum of \$10,000 has already been raised. The basement is to be converted into conveniences for the use of the public that will make the church an every-day institution, and is an innovation in church affairs in this section of the country.

Rev. Roy L. Smith, whose wholesome effort at the opening of the White Hall Chautauqua last year created a universal demand for his return, writes that the last information he has is that his routing this year will take him elsewhere. Rev. Smith was pastor of St. Paul Methodist church in Chicago when he visited White Hall, since which time he has gone to the Simpson Methodist church in Minneapolis. In his letter he says: "Your comment on the increased interest in church attendance and work at White Hall is a matter of considerable satisfaction to me. We have recently completed a Go-to-Church campaign in Minneapolis, which resulted in a great increase in church attendance with lasting effect. Our own church is enjoying the largest crowds it has ever had in its history. I have been using some rather unusual advertising methods, which have resulted in audiences that have taxed the capacity of the building repeatedly. I have earnestly endeavored to keep clear of sensationalism, but at the same time use good salesmanship methods. The result has been an era of prosperity for the church which it has never known before. I have been in hopes that I might be able to come back to White Hall this summer, but the last information I have is to the effect that my routing is going to take me elsewhere. Please give any of my remembering friends my cordial good wishes."

The latest is that White Hall is to undergo a community health survey.

THE MOST BEAUTIFUL CAR IN AMERICA

THE man who tempers economy with wisdom directs the expenditure of his money judiciously. He is more concerned with ultimate values than with mere cheapness of price.

It is to this type of person among motorists that the Paige car most appeals.

We, of the Paige Company, have always taken the view that unless a car has the qualities essential to comfort, lasting satisfaction and pride of ownership, it would be dear at any price.

So we built the Paige Glenbrook according to our ideas of what a real motor car should be—a car which would be not only a reliable vehicle of transportation but also a car of beauty, comfort and power.

PAIGE-DETROIT MOTOR CAR COMPANY, DETROIT, MICHIGAN
